

Two GIs Welcome English, Irish Brides

Marian Smart arrives by boat from Ireland

Couple to live in Arlington

From her own home in Londonderry, Ireland, to the home of her husband in Arlington Hts. was the trip completed Monday afternoon when Mrs. Marian Smart arrived in Chicago.

Five feet two, pretty and slim, Marian became the bride of Harry Smart, Jr., when he was stationed in England June 23 of last year in Londonderry. They moved back to his base before he returned to the States and discharge.

Marian arrived at the LaSalle street station, Chicago, Monday afternoon. After three hours delay the couple found each other and returned to Arlington Hts., where they will live for the present with Harry's parents. But here is Marian's own story.

"We had quite a trip across, with everyone on board being sick the first two days. There were 1200 wives aboard, many of them with babies.

"The babies were the chief interest aboard ship, including a grand baby show. Judges couldn't decide which one was the cutest, so all were given prizes.

"We had fine food and living quarters though there were 18 of us to one cabin. We slept in three-tiered bunks which were quite comfortable.

Get to New York

"We arrived in New York Saturday morning about 9:30 and left for Chicago Sunday evening. However, we were all quartered on the boat, so I didn't have a chance to view the city. But I did like the part I saw Sunday night when we were escorted to Grand Central station. The colorful lights were beautiful.

"We had a special train carrying about 250 brides to Chicago. It was a fine trip, except for the high price of meals. We paid 50c for a glass of pineapple juice, 35c for two candy bars, and \$1.95 for a meal of soup, cutlets, and tea.

"We arrived in Chicago Monday afternoon at 2 p. m. I didn't know whether Harry would be there to meet me. (The Smarts had not received word of Marian's arrival, outside of reading in metropolitan newspapers that her ship, the Washington, had docked in New York Saturday, and that a train of brides would arrive in the city Monday.) A Red Cross girl had me parade back and forth before a long line of men looking for their wives. She told me to look carefully at every one, or I might miss him. I think that was crazy. Imagine my not knowing my husband at first glance. Harry finally came at 5 p. m.

"I like the U. S. that I have already seen and know I'm going to like all of it. I have had no trouble understanding people, and I don't believe they've had trouble understanding me. You see, the strong Irish brogue comes from Southern Ireland, while I lived in the northern end. "Though Ireland wasn't officially on the side of the Allies in the war, the hearts of the Irish were. Plenty of Irish girls are now on their way to the U. S. I know we'll all like it."

Band concert at Arlington high next Thursday

The Concert Band of the Arlington Heights Township High School will give its first separate concert next Thursday evening, March 14, in the school gymnasium. The admission will be 50c for adults and 25c for students.

The band, under the direction of Frederick C. Schmoey, will play several symphony numbers. The featured numbers will be a trumpet solo by Duane Schroeder and a modern piano number by Miss Pat Brock, both accompanied by the band.

Tickets will be sold at the door.

Veteran postal employee died Wednesday

Henry Wilke, a clerk at the Arlington Heights postoffice many years, died Wednesday afternoon at the Elmhurst hospital. He started work as a mail carrier over twenty years ago. He had been in ill health for some time and February 21 was his last day at the office.

He leaves a wife, a daughter, Mrs. Lorna Orcutt and a grandchild. Funeral services will be held at St. Peter Lutheran church Sunday at 2 p. m. Remains will lay in state at Karstens funeral home Saturday evening.

MRS. HARRY SMART, JR.

HARRY SMART, JR.

Committee to study street number puzzle

The Arlington Heights mayor, Attorney Thal, Aldermen Studtman and Adam will serve on a special committee to meet Monday night and try to straighten out errors in street numbering and names of streets. M. W. Grigsby, Sherwood, in a letter addressed to the board drew their attention to the fact that numbers in Arlington Park did not properly precede the numbers in Sherwood, which lies immediately north of the park subdivision; also that Hendrix Lane in Sherwood becomes Central street in Arlington Park. There are also errors in other parts of town.

Restrictions cut to \$6,000

The new plat of Arlington Ridge immediately west of the high school, still awaits final approval of the village board. The owners have set aside an area for a park, but have failed to deed it to the Park District; they have likewise failed to get the certification of the treasurer that all special assessments and taxes against the park area have been paid. The zoning plat also lacks the signature of the secretary of the zoning board. As if that is not enough, the vacation of certain streets can not be valid until a special ordinance is passed by the village. The mayor discovered that the building restrictions have been cut to \$6,000.

Water main extension
Attorney Thal notified the village board Monday evening that all lots in Arlingdale facing Euclid street, west of the railroad and a few inside lots were now annexed to the village of Arlington Heights and entitled to water and sewer service, the installation to be made at the expense of the owners. The contract for the water main extension is understood to be let under a private contract.

Four new homes in February

Building Commissioner Taege reported to the board that permits had been issued for four new residences costing \$42,000; one garage and additions and alterations totaling \$1,750.

John Tesch rites Thursday

John Tesch, 507 N. State rd., Arlington Heights, passed away Monday morning at 2:30 o'clock. Funeral services will be held Thursday at 2:30 p. m. at the Lauterburg and Oehler chapel in Arlington Heights.

Special police to 'distribute' arrest tickets

Arlington Heights municipality is after a perfect score in sale of business, vehicle and dog licenses. Last year's total has been passed in the first two months of 1946, but the village board has followed up the threat made two weeks ago and special police officers, outfitted in their new uniforms, will make a house-to-house canvass, leaving an arrest ticket with every auto owner who has not purchased his 1946 tag and a similar ticket for every untaxed dog. A hundred dollars was allocated Monday night for the survey.

Oh, yes, there will be no ticket fixing; a fine will be collected in every case.

1,192 tags bringing in \$2,000, have been sold in two weeks. It's estimated that there still remain about 200 cars without tags. While the special police call at the homes the regular police will check autos parked down town.

Residents of districts outside the incorporated area can secure township tags by calling at the Arlington Heights National Bank—a service provided by township officers.

Many measles cases

Health Officer Mrs. Augustine Lippold reported to the board Monday evening that February had been the worst month for contagious diseases for some time. There were reported 60 cases of measles, one of scarlet fever and one of pneumonia.

New well down 1266 feet

The new east side well is down 1266 feet, which Engineer Arthur Consoer estimates is near the water strata that is being sought by the contractor, the engineer and the village. An offer of \$275 has been accepted for an old pump and motor formerly used in the municipal building, which has seen a whole lot better days. The amount received will pay part of the expenses for repairs to the water reservoir beneath the village hall that no longer holds its capacity in water.

Water usage has jumped over a half million gallons a month over a year ago. If population increases, it looks as if the municipality will have to engage upon a continuous well drilling project. The repair of the old reservoir will provide storage for 90,000 gallons.

New police car

Arlington police department needs a new police car, but the board members are not unmindful that they may have to stand in line with other purchasers and the chance of getting a so-called "good deal" is not so hot. They wonder if an advertisement asking for bids will bring results.

Raise license fees on bowling alleys

The board passed an amendment to an ordinance relating to bowling alleys which establishes a fee of \$7.50 for each alley operated within the village. This fee takes the place of a blanket fee of \$10 for the entire bowling establishment.

Tax books in hands of collectors; tax bills in mail soon

The township collectors have been getting their tax books during the last week and the tax bills will be going into the mails within the next 10 days.

The tax books are ready earlier this year than for many years and all Chicago and country town bills will be mailed before April 1.

Assessed valuations shown on the tax books are the full 100% valuation of the property as appraised by the assessors office. Any tax payer who feels that his valuation is out of line should make his complaint to the board of tax appeals in Chicago within 30 days after the May 1 penalty date.

Lions club to promote old time fall festival

Members of Arlington Heights Lions Club voted Tuesday evening to again sponsor a fall festival, an event that was conducted on a large scale several years ago. There is a possibility that the Chamber of Commerce will unite with the Lions in making the festival an outstanding affair. The expected proceeds will be used for civic purposes.

Phone strike threatend in Arlington Thursday

Local operators may walk out in sympathy strike

The Illinois Telephone Traffic Union, Local 14 of the National Federation of Telephone Workers, representing 1800 long distance operators in Chicago and 6700 telephone operators, both local and long distance, in 99 communities throughout Illinois and northwestern Indiana has voted to recognize the telephone industry as strikebound in the event the threatened strike of the N. F. T. W. becomes a reality Thursday morning.

Operators at the Arlington Heights exchange are members of the Illinois Union and have been asked by their union not to report for work Thursday. There will be no picket line in Arlington Heights. Illinois operators have no wage grievance. Their action is purely one of sympathy in the cause of the National Federation of Telephone Workers. Chicago local telephone operators are members of a separate union and are not expected to leave their jobs.

The traffic union's action was announced by its President, Anne C. Benscoter after a unanimous vote of its 101 Stewards in Convention at the Bismarck Hotel in Chicago, last Wednesday.

The National Federation of Telephone Workers has set Mar. 7 as a date for calling a strike that is expected to paralyze the country's telephone service if the Union demand for a \$2.00 a day pay increase for its members is not met.

A strike would halt long distance service through virtually the entire nation and stop local service in many communities. Federation leaders say they want a \$2.00 "across the board" increase—not a percentage increase.

Pay of telephone operators belonging in the Federation range from a starting rate of \$18.00 for a 40 hour week in small communities to a maximum of \$42 a week in cities such as Chicago, Detroit, Washington and New York.

The Illinois Telephone Traffic Union did not file its notice of intent to strike, in accordance with the War Disputes Act, but its members will recognize the picket lines of affiliates. In Illinois, two affiliates, the Association of Communications Equipment workers which represents about 800 Western Electric company equipment installers and the Federation of Long Lines Telephone Workers with about 2300 traffic and plant workers would be involved in the strike.

Schaumburg man takes own life

Frank Sporleder, 72, Schaumburg, took his own life Tuesday afternoon. The last time he was seen alive was about three o'clock. A son found him dead in his car in the garage at six o'clock. A hose led from the exhaust pipe into the interior of the car. A coroner's jury gave a verdict of suicide while temporarily insane due to despondency over ill health.

Mr. Sporleder had been a resident of Schaumburg many years. He leaves his wife and seven children, Herman of St. Charles, Walter of Round Lake, Charlotte of Santa Anna, Calif., George of Elmhurst, Margaret, Herbert and Alice who live at home.

Remains will lay in state at the Karstens funeral home Friday evening with funeral there Saturday afternoon at 3:00 o'clock. Interment will be in Lake Street Memorial Park, Elgin.

Re-enlists after 18 years army life

Robert Malzahn is enjoying a ninety day furlough before he will again report for duty with the U. S. army, with which he has served 18 years. His re-enlistment is for three years. Bob is a master sergeant and up to the present time has made the army his life work. "It is not so bad," says Bob.

Help! Help!

Arlington Heights aldermen admitted at Monday night's board meeting that it is a good many years since they attended school and learned how to extract the cuberoot. They were trying to make an estimate as to the number of square feet of surface to be covered by paint at \$2.75 a gallon for the interior of the reservoir. They knew that the tank holds 90,000 gallons of water. The treasurer told them that 7½ gallons is one cubic foot. Each alderman reached for his pencil and the room was quiet until one alderman after another threw down the pencil and "to heck with it." The Herald will pay a dollar to the first school boy who brings in the answer—if there is one.

Realtors take steps to find vets homes

The Northwest Suburban Real Estate Board intends to do something about finding homes for GIs. At its last regular meeting a special committee was appointed, whose duty it will be to line up as many rooms and small apartments not now in use for at least a temporary abode for veterans and their wives. The action was brought about by almost the universal experience of real estate men who have seen tears come to the eyes of GIs when they were told we have nothing for you.

"If folks would spend a day in any real estate office and witness the tearful appeal of service men's wives, many of them would open their homes as a patriotic duty," stated Wm. H. Jiencke, of Des Plaines. "These wives and their husbands are only asking for a roof over their heads until such time as they can buy a home or rent larger quarters. Service men and their wives made many sacrifices and endured much hardship for you when they were told we have nothing for you."

The real estate men of the communities from Park Ridge to Barrington are appealing to all householders to take in at least one couple. They ask those who have space available to contact any real estate office that displays a membership emblem in the National Association of Real Estate Boards, who will gladly give their services to the home owner and to the veteran without charge or fee of any kind.

The acute situation is being brought before women's clubs and other civic groups in hopes that each community in the Northwest area will open its hearts to the weary veterans and their wives who are today begging for a place to live. They are not asking for charity and are ready and willing to pay a just rent for the accommodations allotted to them.

Rowles blackboards to be exhibited at New York show

D. A. Zimmerman, general manager of E. W. A. Rowles Co., Arlington Heights manufacturers, will attend the 43rd annual American Toy Fair, the world's largest showing of toys and the first full line displayed since the war, which opens March 11 in New York and continues until March 23rd.

The Rowles Company is one of the largest producers of educational blackboards in the country and as such its line of toys because proven to be very much in demand.

Better toy values for consumers are expected to result from the lifting of OPA price restrictions because experienced toy manufacturers are now able to revive popular priced lines that could not be produced at all during the past two years when prices were restricted to the 1942 levels.

More than 3,000 buyers from every state in the union and foreign countries are expected to attend the show.

Youth center fund passes \$4500 mark

The campaign for funds for the Arlington Heights Youth Center is well on its way to complete success. The finance committee reports a total of over \$4,500.00 to date, with a number of sources still unreported. The following substantial contributions have been recorded:

George C. Poole	\$250.00
Harry Knaack	100.00
Willson & Florence	75.00
Heller Lumber	15.00

Other contributions from the business section are expected.

Scarsdale will have a few more contributions, but the total to date from that subdivision is \$1,180.50, including the \$100.00 donation from the Scarsdale Property Owners Association. William N. Walton and W. F. Zeidler are captains there. With the \$25.00 previously reported from Stonegate, their present total is \$100.00. Mr. and Mrs. Wallace Jacobus and J. R. Lindsay are covering that district.

The canvass of the village is nearly completed, but if anyone has not been called on, and wishes to make a donation, he may call 511-J, or leave his subscription at the bank.

The following teams have completed their canvass: Mrs. A. A. Peterson and Mrs. C. L. Stadler, Walter Hermesdorf and his group, Mrs. Edward Koelker and Mrs. Emil Sieburg and Adolph Wiegand and his tenners.

Individual canvassers turning in final reports are: A. W. Meyer, Arthur Ashcraft, John Sigwalt, Mrs. Fiddler, Mrs. Barney Runge, Beverlee Peterson, Mrs. Elroy Winkelman, E. W. Engelsing, P. K. Neuses, Miss Florence Elfeld, Mrs. Hartmann and Mrs. Robert Dibble.

The following captains have turned in reports, but expect additional contributions from their territories: Mrs. Charles Stadelman and Mrs. A. H. Franzen, Rev. W. F. Kamphenkel, Mrs. H. R. Collard and Mrs. I. T. Rinker, George H. Sode, Robert Evans, C. B. Jones and Walter Kroeber.

The following men and women complete the list of those Arlington Heights citizens who have given freely of their time and effort in order to make the Youth Center a reality. To them, to those listed last week, to the captains and committee members, the whole community owes a debt of gratitude for a job well done. The public has responded generously and every contributor and worker should have a special glow of pride for their share in this undertaking.

Mrs. Burton A. Noyes, Mrs. R. E. Lawbaugh, Park Allen, Mr. and Mrs. Oscar Kurtz, Mrs. C. B. Jones, Elmer Frase, Walter Henke, Myrtle Rapp, Martin Freeman, Mrs. John Shanklin, Mrs. Lillian Kirchhoff, Mr. and Mrs. H. Speers, V. L. Bedingfield, Chas. F. Hamburg, Richard Lull, Pat McDonald, Mrs. Dorothy Revenough, Mrs. Lyons, John Kent, Art Cubley, Richard Rowland, Mr. Baxter, E. D. Bates, A. L. Wartenberg, W. A. Rudolph, W. C. Petterson, D. G. O'Connell, Perry Thomas, Ralph H. Kocaja, J. R. Dunavan, Mrs. A. R. McCarty, V. S. Curtis, Rowland Laughlin, C. L. McCoy, Henry Evans, Mrs. Raymond Atkinson, Mrs. Jos. Zikmund, Mrs. O. G. Osburn, Mrs. Harry Knaack, Mrs. George Schimming, Mrs. O. M. Baldwin, Mrs. James McElhose, Mrs. L. A. Moodie.

Pick students to aid in drive for local youth center

Arlington Heights high school students elected to represent their classes on the Student Governing Board of the Youth Center are as follows:

Freshman—Jacqueline Ryan. Sophomore—Jean Baldwin. Junior—Daniel Magnus. Senior—Charles Jirak.

Student Senate—Jens Rask. This group, with the Adult Advisory Committee, and the Director, will have the responsibility of formulating rules for the center, purchasing equipment, planning the program, and generally running the business of the center.

FRED CAMPBELL, HINZ ROAD DIES WEDNESDAY

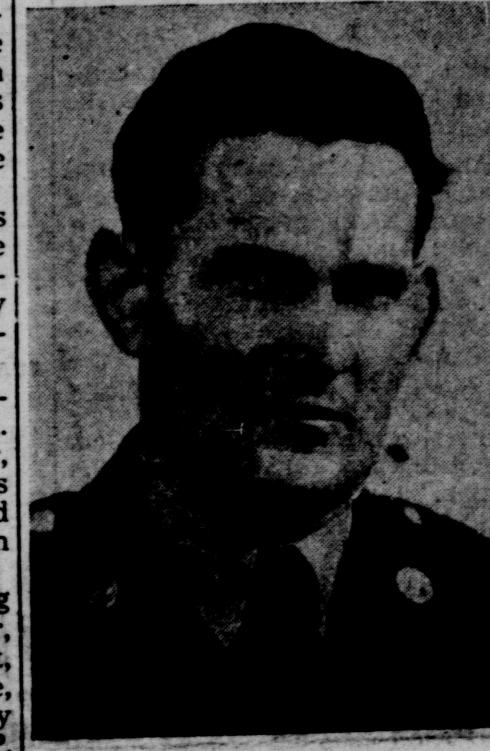

Fred Campbell, Hintz road, died Wednesday after an illness of three months. Arrangements for the funeral had not been completed as this paper went to press.

Girl scout rally to be feature of birthday

Current interest in Girl Scout circles on plans for the national organization's 34th birthday anniversary March 11 in the Arlington Heights fieldhouse.

This year the observance of the date will be a rally after school and all scout troops of Arlington Heights will participate in the program.

One of the several interesting features of the afternoon will be presentation of American flags to troops by the American Legion auxiliary. Mrs. John Peroutka is Americanism chairman for the auxiliary and will present the flags with appropriate remarks. Mrs. P. Leroy May is president of the auxiliary and will attend the scout program with Mrs. Peroutka. This part of the program will be preceded by the pledge of allegiance which will be given by Troop 11. This group will sing several patriotic songs also.

Members of Troop 1 have prepared a skit entitled "What's in a Name?" This is a Brownie troop, the juniors of Girl Scouting. Camp songs will be contributed by Troop 2, and Troop 4 will have a game. A singing game, "Skip to my Lou" will be given by members of Troop 5, after which members of Troop 6 will present an original skit which they have decided to name "Nothing but Trouble".

Singing games entitled "When I was a Lady" and "Soldier, Soldier, Will You Marry Me" will be offered by members of Troops 6 and 7. "A Minstrel Show" is being anticipated with interest. It will be the contribution of Troop 10, after which members of Troop 12 will sing "Sandy Land". Troop 13 has planned a folk dance, and a singing game will be given by Troop 14. The program will be concluded when the Brownies of Troop 15 sing the "Brownie Smile Song".

No one of the numbers is expected to take more than a few moments. Plans for the afternoon were completed at a meeting of the G. S. Troop Leaders association, held Monday afternoon. Mrs. Mark Cleaver is chairman of the association. Mrs. R. O. Siggekow is program chairman for the Girl Scout Council and has had charge of arrangements for the birthday celebration. Refreshments will be served after the conclusion of the program.

Flying to the United States to join her husband seemed the best and fastest way to Mrs. Marian Krueger, so she jumped at the chance, though it did mean paying her own way, rather than traveling by boat as guest of the United States army.

Mrs. Krueger arrived at New York's LaGuardia field aboard a Pan American transoceanic plane. Her husband, Richard Krueger of Arlington Heights, had waited three days to meet her. Bad weather had delayed the plane trip from Ireland.

"I first met my husband," said Mrs. Krueger, the former Marian Palmer of Bristol, England, "in a local pub. We just started talking, he asked to see me again, and first thing you know we were married."

"He was shipped to France right after that, and I hadn't seen him except for two days until I arrived in New York. Dick stopped at Southampton for two days on his way home from France."

Anxious to get here
"You can imagine my anxiety at getting to this country after trying for more than a year. I even wrote TWA and other American airlines attempting to find out when airliner service to Europe would be started. I also applied for boat passage. Both permits came at the same time but I decided to accept the plane, and get here just that much quicker."

"We ran into some bad weather when 700 miles from Ireland and had to turn back. I had fallen asleep in my reclining chair and didn't know we were going back until just as we arrived again in Ireland."

Smooth flying
"Air travel across the ocean is certainly a luxury. I put a glass of water on the floor and the flight was so smooth the liquid hardly wavered. From Newfoundland to this country, though, the skies were quite rough."

"We spent several days in New York before heading for Arlington Heights and I did some much needed shopping. It seemed a pleasure to be able to buy just what you wanted for the first time since before the war. Of course, I don't need to tell you how wonderful it is to be able to have variety in your meals. Our food over there was the same thing, day after day, and here there is such an abundance of everything."

"I thought New York was nice, with its lights and excitement, but I certainly would not want to live there. It would be too strenuous. I prefer a place a little quieter."

Mr. and Mrs. Krueger are planning to move to Palatine in the near future as soon as their apartment is ready.

Chicago men steal car in Arlington

Ralph Peppin, 23, and Clarence Kiskendall, 25, of Chicago, were bound over to Cook County Grand Jury Tuesday evening by Judge Behrens who placed their bonds at \$2,500. Saturday they had stolen the 1938 Ford, owned by Ray Boeger, Dunton ave., Arlington Heights.

The two Chicago men were on their way to call upon a Woodstock young lady. A bus had brought them to Des Plaines, from which place they hitchhiked to Arlington. While one waited at Dunton and the North west Highway, the other started north to find a car. Within a half block he found the unlocked Boeger car. The men continued to Woodstock, partaking of a few drinks on the way. When they refused to take the word of the mother given over the phone that her daughter was not at home, she phoned the Woodstock police who were waiting for the boys when they arrived at her house.

The police were able to get confessions from the two and notified the Arlington police. Boeger recovered his car Sunday. Officers Karstens and Melbourne brought the two to Arlington Heights. Chief Skoog and Officer Heineman took them into the detective bureau and the county jail Wednesday.

Twilight league

Pat McDonald announced this week that a Rob Roy Golf League is being organized for play on Tuesday evenings. Those who desire to be included should phone Tilford Foy, Arl. Hts. 7052-J or Pat McDonald, Arl. Hts. 585-J.

Local bowlers cop the money in Heights doubles

Arlington Heights Bowling Lanes Mixed Doubles is now past history with almost all local bowlers walking off with top honors. The Ruth Hertel-Art Peterson duo took top position and \$100 with a 1311 total, while Mar and Lill Johnson grabbed second for 1269 and \$75.

Only bowlers not from Arlington Heights to place in the money were Ardath and Arthur Laurance of Wheeling. They ranked third, and collected \$65 for their 1225 effort.

153 entries were listed in the week end tournament with many out of town bowlers included. The Herb Freitag duo of Chicago, highly regarded in bowling circles by virtue of 174 and 200 averages were among those trying for the Century bill.

1st—Ruth Hertel, Art Peterson—1311—\$100.00.
2nd—Lill Johnson, Mar Johnson—1269—\$75.00.
3rd—Ardath Laurance, Arthur Laurance—1225—\$65.00.
4th—Mary Gieske, Edwin Hill—1211—\$50.00.
5th—Tonia LaBant, Ed LaBant, Sr.—1207—\$40.00.
6th—Elsie Kusch, Clyde Rapp—1204—\$30.00.
7th—Gretchen Neuman, Wm. F. Neuman—1195—\$25.00.
8th—Frances Simon, Ray Helzel—1191—\$20.00.
9th—Dorothy Wester, H. P. Wester—1189—\$15.00.
10th—Helen Kehe, Fred Kehe—1188—\$10.00.

Special prizes (out of money)
Men's high series (scratch)—Carl Huber, 692, \$13.00.
Ladies high series (scratch)—Grace Neundorf, 554—\$13.00.
High series before 6:00 p. m. Saturday, O. F. Smith, Mary Smith, 1185—\$13.00.

Official prize list for the recent singles at Arlington Bowling Lanes has now been released. The list as published in this newspaper was correct.

SCARSDALE LADIES
Team 2: Walters 312, Sturm 330, Hertel 454, Wilkins 347, Horcher 414; 814, 756, 797.

A Sick World Calls Us to God

THE TROUBLES OF MANKIND have not been healed by the false gods of war and wealth and power. Man's miseries still increase. There is only one hope for the world and that lies in applying the teachings and principles of God's Word, the Bible, the Eternal God, a God of love in Christ, is the only one who can heal our land and save the priceless heritage for which so much sacrifice has been made. It is for each one of us to rededicate ourselves to the one institution, — the Church, — which has always supplied man's greatest needs and supported his noblest efforts. The ideal time for this rededication is the Lenten Season, when we commemorate the suffering and death of Christ. To that end the churches of Arlington Heights invite you to worship with them, — to choose a church home — and to become a member of some church family.

St. Peter Lutheran Church
Northwest Highway and Highland
Harry C. Fricke, L. V. Stephan, Pastors
Sunday Service (German) 9:30; (English) 11 a. m.
Wednesday, 8:00 p. m.: "The Cross, a Mighty Magnet".

On honor roll

Burneta Burns and Helen Davis, Monmouth College students from Arlington Heights, are two of the thirty-six students on the Monmouth College honor roll for last semester, according to an announcement by Miss Inez Hogue, registrar. To be on the honor roll, a student must make a scholastic standing of 3.5 or better, or a grade averaging midway between A and B in all courses. Miss Burns' grade point average is 4.000 and Miss Davis' grade point average is 3.666.

Bridal couple
returns next week

Miss Marie Demlow and Mr. Fred Heppner, both of Des Plaines were quietly married on Wednesday, February 20, and left immediately for a three weeks trip to Florida. They are expected back next week at which time they will be at home at Oakton st., Des Plaines to their many friends.

Girl scout troop news

Troop 2

The Girl Scouts of this troop have finished their knitted articles. At the last meeting they devoted their entire time to practicing songs for the rally which is to be held at the fieldhouse on Monday, March 11, at 4 p. m.

They begin work on their dramatic badge next. A play is to be chosen by the troop and given in May.

Troop 5

The Girl Scouts of Troop 5 had a birthday party on February 25. There was a huge cake and plenty of ice cream. During the party they voted on what to do for the rally. It was decided they skip to Mallo. At their last meeting they practiced on this game.

Most of the girls are working on their first class rank.

Troop 6

This troop has chosen a skit entitled "Nothing but Trouble" to be given on All Scouts Day.

Most of the girls are still working on their cook badge.

Troop 10

The members of this troop are practicing on a minstrel show for the Juliette Lowe Rally.

Most all the Friendship bags have been completed.

The troop is still working on their dancing badge.

Troop 12

The girls of this troop have chosen a singing game entitled "Sandy Land" to be played at the rally. They also made their own "Troop 12" placard which they will use in the rally.

They have been working with Mrs. Walton on their design badge.

Troop scribe class
What is a feature?
What is copy?
What is a cub reporter?
What is a scoop?
What is spot writing?
What are "caps"?
What is meant by lower case?
Do you know the answers?
These were only some of the questions put before the troop scribes by their leaders in a journalistic quiz conducted in their class last Saturday morning at the fieldhouse.

Frances Hubbard from Arlington Heights and Nancy Tice from Mt. Prospect won honors in knowing the most correct answers.

Thirteen girls are now working hard to complete their scribe badge. They are preparing their third issue of the Pioneer Scout. This will be a five-page paper and will be printed on March 23.

Miss Olive Walt, daughter of Mr. and Mrs. Floyd Walt, 330 W. Northwest highway, Arlington Heights, will receive her cap this Sunday at the Evangelical hospital in Chicago where she is a cadet nurse. Mr. and Mrs. Walt will attend the ceremonies.

Arlington local news

Hiss Ruth Reis spent the week end at the M. L. Reis home.

Miss Vera Folkman entertained twelve guests at bridge and dinner at her home Friday evening. High honors were won by Mrs. Mervin Fink and Mrs. William Beckman. Consolation went to Miss Marian Babbitt.

Get Wise..

Get WELL!

Why put up with "half-way" health when modern medical science is at your command? May we suggest three important steps to take: Make a resolution to get WELL! Make an appointment with your doctor. Make a memo to bring his prescription here for careful compounding. Get wise. It may help you get WELL!

Christening

Darlene Kay Karnatz, infant daughter of Mr. and Mrs. Henry E. Karnatz of Busse rd., Arlington Heights, was christened at the home of her parents Sunday afternoon, February 24, by the Rev. A. H. Fedder of Des Plaines. The sponsors were her two grandmothers, Mrs. Henry Karnatz, Sr., and Mrs. Arthur Harting, Sr., William Karnatz and Arthur Harting.

It's quadruplets at goat dairy

It's Billy, Bobby and Benny, plus Nanny, at the Elk Grove goat dairy on Algonquin road, east of State road. The quadruplet goats came into the world Tuesday morning, adding to the 25 herd Mrs. R. Kasdorf already has in her employ. The four kids are reported to be doing fine.

Garden club to hear two men

The Arlington Heights Garden Club meeting next Wednesday will be unique in that there will be two speakers. The first speaker will be Joseph Zikmund, Campbell Soup Supervisor for this district.

He will tell of the new and better varieties of seed which have been proven best by professional gardeners. His concepts of proper gardening technique will be of great help to the amateur.

H. Arnold of the Illinois experimental station at Des Plaines will be the second speaker. He will tell of the work done in the field of horticulture. Agriculture of today is put on a truly scientific basis and the great accomplishments are largely due to the research and experiments of such scientists as Mr. Arnold. He will illustrate the work with colored slides or a motion picture.

The meeting will be held at the North Grade School at 8 p. m. The public is invited.

Women's golf league announces opening of season

A matched set of four golf clubs was mailed to every lady known to be interested in playing golf in the Women's Golf League. Somebody's facit hands and ingenious mind fashioned the golf clubs from paper and wrote on them clever reminders.

The season opens May 21 at 9 a. m. and meets every Tuesday morning through the summer to August 20. Teams are so arranged that you play with those in your own class of golf.

The officers of the league are president, Blanche Milligan; treasurer, Caroline Jefferson; handicap chairman, Pat Lange; alternate chairman, Janice Mills; special events, Kay Germ, and news snoopers, Opal Tice.

Start the ball rolling by promptly letting either Blanche at 812-M or Pat at 1146-W know that you want to play. Then the teams can be made up, handicaps arranged, play schedule dated.

Attend convention in New York; travel 90 miles to sleep

Mr. and Mrs. Snetsinger, Wilke road, Arlington Heights returned home Tuesday from the east where they discovered that room and food shortages are a lot worse in the east than in the Chicago area. Mr. Snetsinger was in attendance at the National Chemical Exposition in New York. Unable to find hotel accommodations in that city the two from Arlington commuted to and from Philadelphia each day, 90 miles distant, in order to find sleeping accommodations. They went without butter and many other foods that may be scarce in this area but are still to be found in Chicago restaurants.

When it came time to return home, they had to wait until the waiting list got down to the letter "S". They called upon Mr. and Mrs. T. A. F. Allen, nee Rosemary Riley at their home in Boston, also the W. J. Bollbrechts at Princeton, N. J.

Wisconsin banker joins staff of Arlington National

Norman Dewey, formerly of the Bank of Sheboygan, Sheboygan, Wis., has been added to the staff of the Arlington Heights National Bank, it is announced this week. Mr. Dewey, who brings a wide experience in all phases of banking to the local institution served 12 years at the Sheboygan bank.

His practical experience and general banking knowledge will prove invaluable to the rapidly expanding services of the Arlington National, officials point out.

How do you know what is enough?

by C. W. LUSSMAN of Sieburg Drug Co.

If you have been taking Vitamins by some rule of your own, or at the advice of a friend, perhaps it is a mistaken choice.

How can you tell what your system needs? One Vitamin capsule a day may have helped a friend. That doesn't mean that this is enough for you. You may need a quite different combination, you may require more, or less, than your friend.

The safe rule, the complete rule, is — consult your doctor. He knows the score, when it comes to your individual needs. He can advise, prescribe, regulate and from practical, scientific knowledge, save you money, time and waste motion.

Let the doctor say how many, let the competent druggist provide the Vitamins you need.

This is the 383rd of a series of Editorial Advertisements appearing in this paper each week.

Red Cross drive opens locally at full speed

The intensive drive to speed up subscriptions in the 1946 Red Cross Fund Campaign to raise the Chicago area quota of \$5,100,000 went into high gear this week in every one of the 108 communities in Chicago and the 150 suburbs in the Chicago Chapter area which includes Cook, DuPage and the south half of Lake County.

The drive got off to a flying start last Friday with the kick-off meeting at the Stevens Hotel which was attended by more than 1000 leaders and workers. Harvey D. Gibson, National Chairman of the campaign, addressed the group and pointed out the great need for the continuation of the many Red Cross services.

"Many people have the erroneous impression that V-J Day meant the end of the war," Mr. Gibson stated. "We of the Red Cross know, however, that although actual fighting has ceased, the need for Red Cross wartime service is definitely not ended. There are still hundreds of thousands of G. I.'s in our armies of occupation. Many of them are restless and bored because their duties are more routine than during more active service. For them the war is not over."

"There are also great numbers of our men in Army, Navy and veteran hospitals including a considerable number who have been there continuously since World War I. The war is certainly not over for them. Then there are thousands of discharged veterans to whom Red Cross Home service advice and guidance means so much as they re-enter civilian life."

"These are all big responsibilities. These are all unfinished Red Cross jobs and unsatisfied commitments. Thus, for the Red Cross the war is not by any means over. Under the terms of its charter, the Red Cross is designated as the medium of communication between the American people and our Armed Forces. This responsibility is sacred indeed. That is why we must carry on. Our task this year is still of great magnitude and importance."

WSCS to meet Tuesday evening

The March meeting of the Woman's Society of Christian Service will be held in the church parlors of the Arlington Heights Methodist church on Tuesday evening, March 12, at 8:00 o'clock.

Mrs. E. D. Soper of Evanston will speak on the topic "Needed Laborers for Peace". Mrs. Soper is vice president of the W. S. C. S. of the Rock River conference. She has spent some time in the Orient and is an outstanding speaker. Women of the church and the community are invited.

Club calender

March—8—Kuppel Klub meeting and election at Methodist Meeting House, 8 p. m.

12—WSCS meeting of Methodist church in church parlors, 8 p. m.

16—Bakery sale by Martha Circle of St. John Evangelical church in Public Service Store, 2 p. m.

Baptised

The infant daughter of Mr. and Mrs. Willard Meier, Oakton st., Des Plaines, was baptised Sunday, March 3, at the Immanuel Evangelical Lutheran church by Pastor Allen H. Fedder. She was named Nadine Esther. Sponsors were Miss Erna Beer, Mrs. William Frank and Walter Clausen. The Meiers have two other children, Wilfred, aged 5 and Neal, who was just 3.

Surprise party

A group of friends and relatives surprised Ray Sander, 304 N. Douglas ave., Arlington Hts., in honor of his birthday Saturday evening. Among those present were Mr. and Mrs. Kurt Stoeckel, Mr. and Mrs. Leonard Ratke, Mr. and Mrs. Bud Sander, Mr. and Mrs. Ed Koelper, Mr. and Mrs. F. A. Meier and Mr. Sander's son, Donald, of Des Plaines. After an evening spent in playing pinocle refreshments were served.

VETERANS OF WORLD WAR II! COOK COUNTY'S 65,000 MEMBERS OF THE AMERICAN LEGION

Welcome You Home
A Million Thanks For A Gigantic Job Well Done

When you're near your neighborhood Legion post, drop in and say hello to the commander and members. They will be glad to see you and to thank you personally for everything you have done in the service of your country.

William G. Burns
County Commander

Dr. L. Arthur Platts
Commander, 9th District

MERLE GUILD POST NO. 208

Arlington Heights

OES notes

Arlington Heights Chapter No. 992 O. E. S. will observe Past Officers Night March 14. Lillian Wolf and Raoul Peeters, past matron and past patron, will serve in the east. Various stations will be filled by past matrons of the chapter as this is the birthday of the chapter, also charter members night. Mrs. Della Crane is serving at the Irving Park Chapter March 13 as Esther and Mrs. Ina Sharp will serve as Adah. Sunday, Mar. 31, there will be an Eastern Star service at the Presbyterian church at 11 o'clock. All members are urged to attend.

and save \$100⁰⁰ to \$250⁰⁰ a year
by using a
Frozen Locker

Roasting Ears in Mid-winter

What a treat. And just one of the many out-of-season vegetables that locker users can enjoy garden-fresh, even in sub-zero weather.

Fresh Berry Pie

Why think of it longingly after the season is past when you can stock your locker with berries at their freshest and juiciest and prolong the season indefinitely?

Your Favorite Steaks

Or other cuts of meat — are as near as your locker 365 days a year — and just half as expensive. Mighty handy in case of unexpected guests, too.

PALATINE LOCKER SERVICE

435 E. Chicago Ave.

Palatine 528

Tender, Tasty (spring fryers)

Enjoy them in January as well as in June and at low prices — by filling your locker when they're at their prime.

Strawberry Shortcake

For Christmas. It's almost too good to be true, unless you are shrewd enough to store those luscious berries away just for this — and other out-of-season occasions.

Big Fish Don't Get Away

When you place them in your locker, but stay right there — Brookfish — ready for the trip to the frying pan whenever the notion strikes you. To assure you of your locker and our service, come in at once while the larger and more convenient ones are available.

MR. FARMER . . .

Let's Tackle
This Job
Together!

A sound plan of bank borrowing is helping many farmers to meet production goals. The need for the products of the farm was never greater and we want to serve you, WITH BANK CREDIT. Loans can be arranged to fit your particular requirements. We invite you to come in and talk over your entire credit problem with us. Our experience as well as our various helpful services are at your command.

BORROW THE BANK WAY

In dealing with your bank, you are dealing with a local institution whose success is tied up with your success. You build credit standing in your local community which is invaluable.

Chicago and Northern Illinois . . .

... an INTERNATIONAL market

The inherent manufacturing and distributing advantages of Chicago and Northern Illinois have brought recognition to this area as a great international marketing center.

For years the Middle West has been a leader in the production of goods for export. Chicago and Northern Illinois—hub of the nation's population, industry, raw materials, transportation and agriculture—provides unrivaled export and import facilities. Today more than a fifth of the 10,000 manufacturing firms in Chicago and Northern Illinois engage in foreign trade, producing a variety of merchandise to satisfy almost any demand from any part of the world.

Ten thousand miles of inland waterways serve this area. Transatlantic vessels may come direct to Chicago and other Lake Michigan ports via the St. Lawrence and the Great Lakes. The Illinois deep waterway provides a direct link with the Gulf of Mexico. Current developments in international air travel designate Chicago as the great central terminal for direct routes to the Orient, Europe, South America, Africa, and the Near East. By rail, the area is connected with every important seaport in this country and in Canada.

Location in Chicago and Northern Illinois facilitates expansion

of business to reach world-wide markets. Here, expert guidance is available in conducting export and import business from a score of service agencies—banks with foreign departments, international freight forwarders, combination export managers, foreign trade counselors, transportation representatives, foreign consulates, customs officials, foreign trade departments of commercial associations, and others.

Whether an industry's sales plans encompass the central states, the nation or foreign markets, the Chicago and Northern Illinois region offers more efficient distribution to more customers than any other industrial area in the nation.

We will gladly assist in making factual and confidential studies of this area and the possibilities it holds for any particular industry. This service is without charge.

Industries locating in this area have these outstanding advantages

Railroad Center of the United States • World Airport • Inland Waterways • Geographical Center of U. S. Population • Great Financial Center • The "Great Central Market" • Food Producing and Processing Center • Leader in Iron and Steel Manufacturing • Good Labor Relations Record • 2,500,000 Kilowatts of Power • Tremendous Coal Reserves • Abundant Gas and Oil • Good Government • Good Living

Kenneth Zinn takes Canadian girl as bride

A war-time romance with an international background which began in Belem, Brazil, culminated Saturday when the marriage of Kenneth F. Zinn of Arlington Heights and Miss Mabel Thelma Faust was solemnized in the North Presbyterian church at 26th avenue and 154th street, Flushing, New York.

The Rev. Arthur Rablen, pastor, performed the ceremony. The bride, who was born in Wadena, Saskatchewan, Can., was assigned during the war to establish nurse training schools in other countries. A Canadian citizen, she was loaned to Brazil and worked for the American government.

While organizing a school to train Brazilian nurses, Miss Faust met Mr. Zinn, then a Major with the Army Air Forces, stationed in Belem.

The bride was attired in an ice blue satin floor-length gown and carried an arm bouquet of red roses. She wore a matching headpiece and a short veil. She was given in marriage by Dr. J. Franklin Stoeness of Flushing.

Her only attendant was Mrs. Lena Everett of Washington, D. C. Mrs. Everett was gowning in chateau and carried yellow roses.

Kenneth E. Kneeland of New Hyde Park was best man. The bride is a graduate of McGill University, Montreal. In addition to her assignment in Brazil, she spent five years in Africa as a nurse and also did nursing in England.

Mr. Zinn, son of Mr. and Mrs. Frank E. Zinn of Arlington Hts., has lived in Flushing for some time. He served 32 months in the South Atlantic area during the war. A graduate of Arlington Heights High School, he also attended Northwestern and New York Universities. He is employed in the maintenance department of American Airlines at LaGuardia Field.

After a reception for 40 guests in the Hearstside Restaurant at Northern boulevard and 168th street, the couple left for a two week wedding trip. They will make their home in Flushing.

Mrs. Zinn was honored recently at a surprise kitchen shower given for her by Mrs. Stoeness in her home at 35-70 162nd street.

Kenneth and his bride flew to Arlington Heights last week end for a short visit with his parents. He returned to New York Saturday night, while his wife left Tuesday for Canada. She will rejoin him in Flushing, New York.

Florence Zbilski and Edwin Von Duser wed

A lovely spring wedding occurred Saturday, March 2, at 11 o'clock at the rectory of St. Isidore church, Cloverdale, when Florence Zbilski, daughter of Mr. and Mrs. Otto Zbilski, Lake St. and Medinah rd., became the bride of Edwin Von Duser, son of Mrs. Harriet Van Duser and the late Alvin Van Duser of Aurora.

The Rev. Fr. Ott performed the double ring ceremony before the immediate members of the two families.

The bride was attired in a white floor length gown fashioned with a fitted satin bodice, sweetheart neckline and a full net skirt.

Her fingertip veil of white net edged with lace was held in place by a coronet of seed pearls. She wore long white gloves and carried a colonial bouquet of white carnations and sweet peas.

Miss Dorothy Zbilski, the bride's sister, her only attendant, wore a gown of blue organdy, fashioned with a fitted bodice, sweetheart neckline and a full skirt. She wore long blue gloves

and a tiara of pink flowers from which fell a veil of short blue net. She carried a colonial bouquet of pink carnations and wore a birthstone ring, gift from the bride.

Arch Van Duser, the bridegroom's brother, served as best man.

The bride's mother wore a white jersey print dress and the bridegroom's mother wore a grey print dress. Both had corsages of white carnations.

Immediately after the ceremony a wedding breakfast was given at the home of the bride's parents. A reception was held in the afternoon and evening for friends and relatives at the bride's home. The bride's table was centered with a three tier wedding cake topped with a miniature bride and bridegroom.

Mrs. Eugene Oestreicher, the groom's niece, had charge of the guest book. Guests were present from Aurora, Elgin, Harvard, Maywood, Chicago, Norwood, Park, Roselle, Barrington, Riverside, Hinsdale, Addison, Glen Ellyn and Elmhurst.

Kupple Klub to hold election

The Kupple Klub of the Arlington Heights Methodist Meeting House, will meet Friday, Mar. 8, at 8 p. m. in the church parlors. There will be an election of officers and adoption of a Constitution and bylaws. All interested couples are urged to attend this meeting and receive the affirmation of membership.

A program of entertainment is being planned and refreshments will be served.

In sorority

Helen Davis from 515 South Vail ave. and Burneta Burns of 514 North Ridge, Arlington Hts., have been initiated into Alpha chapter of Kappa Kappa Gamma sorority on the Monmouth College campus. Miss Burns was one of three girls to receive scholarship awards for pledges. She is a freshman at Monmouth this year and Miss Davis is a member of the sophomore class.

Mt. Prospect man marries Canadian girl

Miss Helen Bailey, daughter of Mrs. Helen W. Bailey of Atlanta, Georgia, and Wayne R. Dutton, son of Mr. and Mrs. Henry E. Dutton, of Kentland, Indiana, were united in marriage in beautiful candlelight service conducted in the Glenn Memorial Chapel, Atlanta, Georgia, on Monday, February 18. Wayne formerly lived in Mt. Prospect.

The bride wore a classic, white taffeta gown, with train and carried a bouquet of calla-lilies. Her fingertip veil was of illusion tulle. Mrs. James E. Radway, sister of the bride, served as matron-of-honor and wore an Aqua taffeta and net gown, carried a bouquet of spring flowers, tied with yellow ribbon. Little Miss Joan Davis, dressed in pink taffeta, served as flower girl. Miss Bailey was given in marriage by Mr. James Radway, brother-in-law.

Harry F. Dutton, son of Palatka, Fla., served his brother as best man and Mr. I. G. Bailey and Mr. E. T. Stout of Atlanta, served as ushers.

Wayne, who was released from service in January, graduated from Attica High School and had later joined the Commonwealth Edison Company in Chicago where he was working at time of his enlistment. Since January, he, with his mother and father have been vacationing in Florida.

Following the ceremony, a reception was held at the home of the bride's mother, after which the couple left on a trip through Florida. The couple expect to return to Chicago where they will make their home.

Omicron Nu

Marjorie Moodie, home economics junior at Iowa State College from Arlington Heights, is one of the thirty-two women who will be initiated into Omicron Nu, national home economics scholastic honorary March 12.

The daughter of Mr. and Mrs. L. A. Moodie, 508 N. Douglas, Miss Moodie was pledged to the honorary Saturday. Pledges are chosen for high scholastic rating in their division.

Honor Caesar
The month of July was named after Julius Caesar. Caesar was born during the Roman calendar period, "Quintilis," changed to "Julius" the year after Caesar's death and since perverted to "July."

Freak auto accident at Rand and rte. 58

Casimer J. Celske, Conrath, Wis., saved himself from serious injuries Tuesday morning when he was thrown out of his Plymouth car. Instinctively he grabbed the shaft beneath the car, and was dragged four rods, when his weight brought the auto to a stop with no injuries to his father and daughter who were passengers in the car.

The Celskes were on their way home from Chicago. At route 53 his car was hit by one being driven by Mrs. Bruce Benson who resides on route 58 north of Rand road. Her son sustained cuts that necessitated some sewing by Dr. Moriarity, to whom he was taken by Mr. Sullivan of Palatine, who changed to be passing at the time.

Celske has no idea as to how he got beneath his car or why he grabbed the drive shaft.

Wed 46 years

Mr. and Mrs. D. H. Smith, 829 N. Pine st., Arlington Heights, were surprised Sunday in honor of their 46th wedding anniversary. They have been residents of Arlington Heights since 1927. Mr. Smith has been employed with the National Tea 15 years.

Guests included the Earl Powers, the Warren Powers and Mrs. Lois Thomas of Edison Park, the Johnnie Woodmans, Eugene Rihurst, the Jack Schutts, Al Schutts and daughter Rosemary of Des Plaines, the Art Nelsons, C. F. Spiess, Tommy Kanes, Vernon Andersons and Mrs. J. W. Green of Chicago, the Ralph Sandens of Mount Prospect and the Gordon Greens of Arlington Hts.

Martha circle bakery sale

The Martha Circle of the Arlington Heights Evangelical and Reformed church are sponsoring a bakery sale to be held Saturday afternoon, March 16, at 2:00 o'clock in the Public Service Co. Store.

VFW to elect officers Friday

Election of officers is on the docket for Friday night's meeting of the Arlington Heights VFW post. The group will meet in the Fieldhouse locker room at 8:30 p. m. Friday, with selection of the new officers headlining the program.

The "old timers" in the group, all veterans of the "big war", feel new blood is the essence of any organization, including the VFW posts. They are looking to the World War II veterans for leadership, and feel it is to the interest of all members to give their voice in selection of officers.

Local boys offer mattress service to northwest area

Two Arlington Heights boys, E. Rykema and A. Anderson, are offering costume manufacturing of mattresses and inner-springs as well as their repair and renovation, under the firm name of Artel Bedding Co. Their shop is at Des Plaines, but they pick up and deliver throughout this area. Their phone number is Des Plaines 1379.

When asked about service, they replied "when there is only one mattress in the family, we can deliver that same day before bedtime. How is that for service?"

Mason dance this Saturday

Mt. Prospect Masonic Club will hold an old fashioned dance on March 9 at the VFW clubhouse. This dance will be held in place of the regular March meeting and will be for the members and their wives. Old fashioned dances with appropriate music will be offered.

AN ORDINANCE AMENDING SECTION 861 OF ARTICLE IV (RELATING TO BOWLING ALLEYS) OF CHAPTER 22 OF THE MUNICIPAL CODE OF ARLINGTON HEIGHTS OF 1929.

BE IT ORDAINED BY THE PRESIDENT AND BOARD OF TRUSTEES OF THE VILLAGE OF ARLINGTON HEIGHTS, COUNTY OF COOK AND STATE OF ILLINOIS:

SECTION 1. That Section 861 of Article IV of Chapter 22 of the Municipal Code of Arlington Heights of 1929, be and the same is hereby amended so that said section shall be and read as follows:

"SECTION 861. FEE. There shall be collected on each license issued a license fee of SEVEN and 50/100 DOLLARS (\$7.50) per annum for each alley, which license shall be granted in the manner provided by and shall be subject to the provisions of the chapter on licenses."

SECTION 2. All provisions of any ordinances of this village which are in conflict with the rate established by said Section 861, as hereby amended, are hereby repealed, and the foregoing rate is hereby substituted for any license fee for the operation of any bowling alley that may have been in force heretofore.

SECTION 3. This Ordinance shall be in full force and effect from and after its passage, approval and publication, as required by law, and shall be known as Ordinance No. 669.

PASSED this 4th day of March, A. D. 1946.
FORREST F. DAVIS,
Village Clerk.
APPROVED this 4th day of March, A. D. 1946.
ALBERT W. GOEDKE,
President.

Kelly's Kolumn

To Mrs. Helen Palmer Davis, Warren, Ohio:

Thanks for the helpful criticism in last week's Fence Post. Helen, I took your advice and tried to unearth (pardon the expression) alumni of classes further back than '41 and '42.

There were alumni all over the place at the dance at Rolling Green Country Club last weekend, sponsored by the Arlington Heights Woman's Club. Sez I to myself, "Oh joy! Oh happy day! Such lovely people I shall interview." But getting anything out of them to compose a decent column was worse than trying to make conversation with strong (?) once silent (!) Bill Williams. Sure, they do things Helen, but they don't want it printed.

Naomi Smart has heart trouble making it necessary to leave for California this month for her health. Her mother will care for her.

It seems a certain young doctor, Harry Vanley by name, is the only person who can cure her strange ailment. You see, he holds her most valuable possession. The trouble is, she has no heart. Poor girl, Vanley's got it.

They are to be married in Wee Kirk O' the Heather (how's that for a quaint church name?) in Los Angeles March 30. Dr. Vanley, now residing with his parents in Hollywood, spends his office hours pumping patients for housing tips. Got to live someplace, y' know. As for the honeymoon — silly people! Did you think I was going to tell where they are going?

Bob Briggs is back again. His mother, Mrs. Briggs, a former president of the A. H. W. C., is on the west coast; his brother is in the east coast and Bob is in the middle, bating it. Yep! It's tough when you have to eat your own cooking—therefore he eats out. The homing instinct runs deep in Bob. Not only did he come to Arlington Heights, even if he had to come alone, but he has returned to his former place of business, the Illinois Bell Telephone Co. There he has become an asset in their white collar division.

Likewise Bill Hull, '40, discharged from the Marines in November after 2½ years of totin' a gun. In a word, Bill is

Florists breed yellow carnation

They've bred a yellow carnation at last in the Chicago greenhouses. This we had to see, because yellow all these years was the most elusive color in the carnation spectrum. It took a quarter century of cross breeding to capture the missing link.

The florists tell us their supply of this new yellow is still limited, but in another season there will be enough for all who want them.

Incidentally, the "green" carnations seen at St. Patrick's day are really white; the florists color them with a green dye which is absorbed through the flower stems.

Meanwhile, they are showing several other colors in carnations which were never dreamed of a few years ago. A flesh pink that is very fashionable now in corsages. A deeper red than was ever known before. Whites which are delicately mottled with garnet or orchid markings, and novelty types whose petals are flecked with vivid variations defying description in the color charts. These are exquisite accents for everything from wedding party bouquets to demure little bouquets or corsages.

Spring, the florists tell us, is the natural blooming season for carnations, and you can expect to find the shops well supplied.

back at Bell. Every once in a while they run into Winifred Wensley, another gal devoted to Don Ameche's Telephone Co. Say, this sounds more like the company's house organ than a newspaper. On Nov. 19, Winifred changed her WAVE uniform for more charming apparel. For over two years she was a commander's yeoman (1-c) which is the navy way of saying private secretary to the gold braid.

Brother Bill Wensley was wrestling with the slot machines so I left him to his own devices. Another time, my frant!

The former Mickey Ruppel, now Mrs. Ed. Wolski not only has returned to Northwestern herself but convinced her husband that Northwestern is the University for him too. They are "existing" in Evanston, as she puts it. With the terrific housing shortage they considered themselves lucky to even get a room. Who said it was crowded? "Cozy" is the word. She says they are really enjoying their college life together. Naturally! Ed is majoring in law and Mickey, deciding she had better know how to handle her husband's future millions, is majoring in commerce.

Tom Coleman is home on leave looking pretty spiffy in a brand new Ensign's uniform. He got his gold braid, compliments of Harvard University recently and will go to Norfolk, Virginia, to be assigned to a destroyer when his leave is up.

Now that the University of Illinois is in session after a three week vacation between semesters Joy Williams has put her nose to the grindstone again. If you recall she was one of the many brains from the class of '45 (ahem!) winning a four year scholarship to the University. Joy is majoring in journalism but her favorite courses this year are rhetoric and physiology. Physiology — that's where you learn to sleep in lecture halls.

Two of the famed "Three Cherubs" were reunited a couple of weeks ago when Bud Dick home for 60 days after re-enlisting in the Marine Corps and Ken Koenig, an old salt fresh out of boot camp got together. The third, Fuzzy, is still in Europe as I mentioned some time ago. He loves to get mail so here's his latest address: Pvt. Neil Laurin, 46027248, 184 Ord. Depot Co., AP O 162, % PM, New York City.

Timber Seeded

That bare mineral soil is a much better seedbed than the original duff surface of the natural forest floor or duff shaded by a thin layer of logging slash is shown by an experiment with artificial seeding of white spruce, black spruce, and balsam fir under upland forest conditions in northeastern Minnesota.

Scout leaders in final session

The final session of the Scout Leaders' Training Course was held at Camp Baden-Powell. Eighteen leaders attended the final session, which was concluded by an overnight camp at Camp Baden-Powell Saturday and Sunday.

Stan Huntington, Scout Executive of Park Ridge, supervised the training course which was given as a definite aid to Scout Leaders. Bill Kratt, Council Commissioner of Park Ridge, lent his assistance as inspector, aided by Al Baker, District Commissioner of Des Plaines. Bill Forrest, training course instructor of Arlington Heights, conducted six classes at Arlington Heights, while Tom Dobson, Asst. District Commissioner of Des Plaines, ran six classes at Park Ridge.

By three o'clock Saturday all had arrived, bunks assigned and all preparations completed for an overnight stay. Other leaders who attended included Vern Sturm, Committeeman, Arlington Heights; Martin Freeman, Scoutmaster Troop 7, Arlington Heights; Marvin Hentszel, Asst. Scoutmaster Troop 7, Arlington Heights.

Stan Huntington took the group on a "tracking hike" over ground well covered with snow, indented with tracks made by squirrels, "possum", rabbits, raccoon, skunk and porcupine.

An excellent knife and axe demonstration was given by Al Baker, in which he pointed out the proper ways of handling these tools effectively as well as safely.

Appetites began asserting themselves so the troop split up into patrols, starting an outdoor fire, allowing it to burn down to a nice bed of coals. Idaho potatoes rolled in a half inch layer of mud buried in the coals and a nice, juicy steak sizzling on the end of a forked stick really was something to anticipate.

Bill Forrest announced that a star study was on the schedule but due to total darkness and absence of the stars, a bird study would take its place inside the cabin, which proved highly instructive.

A couple of community songs and all retired, the silence broken only the next morning when Stan Huntington announced breakfast.

Bill Kratt led the troop on a "judging hike."

A nature study proved that trees in the winter time can be identified easily, especially if a Scout Handbook is available. Red and Black Oak, maple, elm, hickory and thornapple were among some of the more common trees identified.

Someone said, "Let's eat", so each patrol started his fire. The menu called for Hunters' stew, bread twist and pudding.

Ty Cobb, who has been on the Scout Board of Review in Park Ridge for the past five years, gave an outstanding talk on "Mapping", showing many examples of various types of maps.

About 4:30 camp was broken and the final session brought to a close by the Scoutmasters Benediction.

Prune Begonias

Begonias require regular pruning to keep them decorative. Branches past maturity should be removed back to the next branch or to the crown of the plant. This is done to stimulate vigorous new growth at that point.

Feature frozen foods at Arlington Provision Co.

The Arlington Provision Company, 13 West Campbell st., is featuring a complete line of frozen foods including all well known brands, Cedargrand, Booths and Birdseye. In stock are fruits, berries, vegetables and seafoods.

Pvt. Hargrove to appear Tuesday at Barrington

The well-known Private Hargrove will appear Tuesday night in the final Town Warming Session at the Barrington school. Hargrove, author of the best seller, "See Here, Private Hargrove", will speak on "What Shall We Do With the Army?"

OBITUARIES

August Marshall

August Marshall, son of the late Bernhardt and Adele Marshall, was born October 18, 1861, in Addison Township, DuPage county where he spent the greater part of his life. June 15, 1862, he was baptized in St. John's church, Addison.

Mr. Marshall resided for many years on a farm on Lawrence ave. and Route 65. About twenty years ago he moved to Itasca. Mr. Marshall was a member of St. John's church and was well known in Addison. He enjoyed good health until four years ago, when he was quite ill in a hospital in Elmhurst. He died February 22 in Wheaton, at the age of 84 years, four months and 4 days.

His three brothers and four sisters, Henry, Herman and Bernhardt and Mrs. Amelia Mehlich, Mrs. Adeline Schach, Mrs. Mary Magers and Mrs. Louisa Broker, all preceded him in death.

Funeral services were held Tuesday afternoon, February 26, at the St. John's Evangelical church, Addison. Rev. E. Bergstraesser officiating. Burial St. John's cemetery.

Frank H. Utpadel

Frank Utpadel was born in Chicago June 11, 1895, and came to Wheeling with his family when 7 years of age. On October 20, 1928, he was married to Miss Llewellyn Mohr. One daughter was born into their home. Death came very suddenly on Sunday, March 3, at the age of 50 years, 8 months and 23 days.

Funeral services were held from the home and the Presbyterian church on Wednesday afternoon, Dr. Earle Cairns officiating. Interment was in Ridgeview cemetery where military honors were paid by Merle Guild. Post of which he was a member. The masonic service was given by Wheeling Lodge.

Chief among those who mourn are his wife, Llewellyn, daughter, Janet, mother, Mrs. Alvina Utpadel, sister, Mrs. Merle Willis, and five brothers, Fred, William, Otto, Charles and Robert.

George Feser

Services for George J. Feser, 938 N. Highland Ave., Arlington Heights, who died February 28 at his home after a long illness, were held March 3 at the Lutheran church and Oehler chapel. The Rev. Robert Grady officiated and interment was in Rand Hill cemetery.

George Feser was born October 23, 1874, in Chicago. He retired as chief clerk in the city collector's office in Chicago in 1932. For the past 16 years he resided at his home on N. Highland ave.

He is survived by his wife, Elizabeth L., and one son, George F. Feser.

IN MEMORIAM

ADOLPH A. HORN

In loving memory of our dear husband and father who passed away one year ago March 8. We mourn for you in silence. No eyes can see us weep; But many a silent tear we shed While others are deep in sleep. More and more each day we miss you. Friends may think the wound has healed; But oh, the loneliness and sorrow That lie in our hearts concealed. Loving Wife and Family.

IN MEMORIAM

PFC. ELMER H. PIEPENBRINK In memory of our dear son and brother who was killed in action March 6, 1945 in German. Memories are treasures no one can steal. Death leaves a wound no one can heal. He lives with us in memory still. Not just today, but always will. Mom, Dad and Family.

CARD OF THANKS

We wish to express our sincere thanks to all our neighbors and friends for their comforting expressions of sympathy and thoughtfulness during the illness and death of our husband and father. Their kindness shall always be remembered. Mrs. Otto Mrs. and Family

RADIO BEAMS WILL REPLACE MAIN TELEGRAPH LINES BETWEEN CITIES

Nationwide System To Speed Telegraph Service

Telegrams between major cities will travel by radio beam instead of by wire within the next few years, the Western Union Telegraph Company announces.

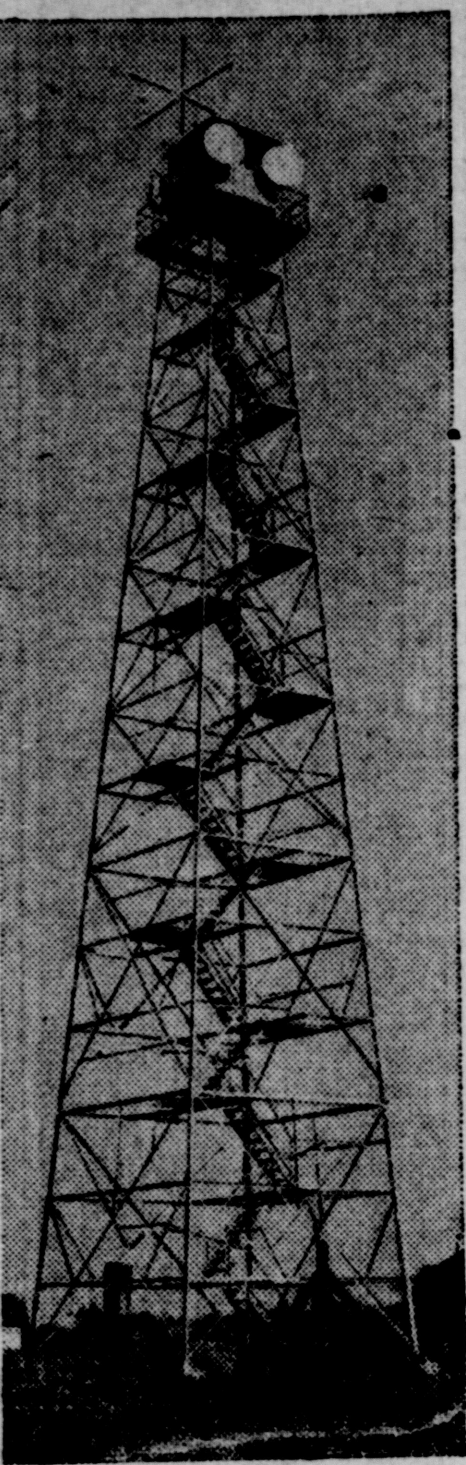

Radio relay towers, such as the one shown here, will replace thousands of miles of the familiar trunk pole lines and hundreds of thousands of miles of wire.

Since the super-high frequency waves to be used travel in straight lines through the air, these intermediate towers are necessary to overcome the curvature of the earth. From 60 to 120 feet in height, the towers will be located on hills and mountains as far as 50 miles apart.

Already under construction is what is known as the "New York-Washington-Pittsburgh Triangle," to provide two-way radio beam transmission between those cities. Next will be extensions to Columbus, Cincinnati, Chicago, Toledo and Cleveland. Then the system will be extended nationwide.

This system will improve the quality, dependability and speed of telegraph service, company officials state. It will reduce interruptions due to ice and wind storms, falling trees, and electrical disturbances. Also, the cost over a period of seven years will be less than would have been required for maintenance and construction of the pole lines to be replaced.

The beam in each direction can be equipped to provide 270 multiplex printing telegraph circuits so that 1,080 operators can transmit telegrams simultaneously over it.

Mrs. Regina Hildebrandt

The remains of Mrs. Regina Hildebrandt, nee Wendt, 401 W. Wing st., Arlington Heights will lay in state Thursday evening at Karstens Funeral home and from 12 noon to 2 p. m. Friday at St. Peters Lutheran Church where funeral service will be held.

Mrs. Hildebrandt passed away Wednesday morning.

IN MEMORIAM

SCHMOLDT, JUSTINE In loving remembrance of our dear wife and mother who died March 10, 1942. The flowers we place upon your grave May wither and decay, But our love for you who sleeps beneath, Will never fade away. Loving Husband and Children.

Art Baumgarten

Funeral services were held Saturday for Arthur Baumgarten, 50, Chicago. He was a former resident of Arlington Heights and had been ill for some time. There remain his wife, three sons, Wilford, Irving, Kenneth, two grand-children, two brothers, Emil, Arlington Heights, Herman, Marinette, Wis., and a sister, Amanda Hantzars, Chicago.

Barbara DeWald

Barbara DeWald, Des Plaines, passed away at the Illinois Research Hospital March 3. Funeral was held from Lauterburg & Oehler chapel, Des Plaines, to St. Mary's church with interment in All Saints.

Farm Fires

The department of agriculture estimates that out of the more than 6,500,000 farms in the country, one in each 37 had a disastrous experience with fires in the five-year period from 1936 to 1940.

Many services offered to vets by Legion

This is the first of a series of eight articles to be written by leaders of the American Legion, with a view of acquainting veterans of World War II with the services rendered returned and returning veterans by that organization. The next article will be written by Lester R. Benston, state rehabilitation director, and will deal with the service of the department.

by WILLIAM G. BURNS County Commander American Legion

We of the American Legion have chosen this means of conveying our heartfelt thanks to our returned and returning veterans and at the same time to acquaint them with the services being rendered and made available to them by our organization.

As commander of the Legion's Cook County Council, which today has a membership of 60,000, of whom 15,378 are veterans of World War II, and on behalf of the nine district commanders in Cook county, I want our returned veterans, with their youth, vigor, and knowledge gleaned from personal experiences in World War II, to join with us in carrying on our various programs in behalf of themselves and their comrades.

In this series of articles, every phase of the work of the Legion, as it concerns veterans of both World wars, will be discussed by men who have devoted their lives to the problems of the veterans. Articles will be written on such subjects as pensions, compensation, education, legislation, rehabilitation, hospitalization, loan preference, and the provisions of the Servicemen's Readjustment Act of 1944, known as the G. I. Bill of Rights, which was drafted and sponsored by the American Legion.

Historic news editions now at Northwestern U.

Two important additions to the historical collections of the Medill School of Journalism at Northwestern University were announced by Dean Kenneth E. Olson this week.

A loan collection deposited with the school by Fred A. Robbins, Jr., veteran Chicago advertising and publicity man, includes two different types of material. One, a colorful display of advertising cards which were distributed by manufacturers and local business men—a custom popular in the eighties and nineties—numbers several hundred items and is believed to be the most extensive collection of its kind in existence.

The other is composed of printed matter of the Civil War period—recruiting posters, manuals for soldiers, G. A. R. souvenir booklets, maps and newspapers. Among the latter is one of the earliest known examples of a facsimile copy of the famous "wallpaper edition" of the Vicksburg (Miss.) Citizen for July 2, 1863.

Equally interesting and important historically is a scrapbook, presented to the school by Mrs. Edgar F. Medary of Waukon, Iowa, which contains memorabilia of her husband, a veteran country publisher who, at the time of his death on January 20, was the last survivor of the corps of newspaper correspondents who covered the last Indian war—the Ghost Dance "uprising" among the Sioux. The most important item in this collection is a one-page "extra" of the Hot Springs (S. D.) Herald, issued early in the morning of December 30, 1890, and containing the first printed account of the famous Battle of the Wounded Knee.

Mr. Medary, who was a reporter-printer on the Herald, got the story from Col. W. R. Shafter of the First Infantry (later a general in the Spanish-American war), helped set it in type and print it on an old-fashioned hand-press. Later during the "uprising" he went into the field with General Brooke's forces as a correspondent for the New York Herald and on one occasion, at least, had a narrow escape from death at the hands of the enemy.

Quiz kid horse at Elgin Youth for Christ meet

This is the story of Ranger the wonder horse." Bill Schneider, who lives just outside Elgin, bought Ranger when he was just one day old about three years ago. He is a beauty in every sense of the word with his satiny, black coat and striking white markings on his face and white bobby-socks on his legs. Ranger is going to join the bobby soxers, too, and appear with them at the regular Saturday night rally at Elgin Youth for Christ this week, March 9, at the Masonic Temple in Elgin.

Perhaps you wonder how Ranger, a horse, can fit into a bobby sox program. Well, you see it's this way: Ranger is a Quiz Kid, if there ever was one. He has amazed hundreds of people who have traveled to Bill's farm to see him perform. Why, that horse can answer questions about Bible characters; he can count; he can add; he can subtract, and believe it or not, he can tell time when Bill holds his watch up to his eye. I can just hear you saying, "Some horse, but how does he do it?"

The kids and I went out to see him the other night. Bill asked Jim how old he is. Promptly Jim says, "Ten." "Ranger," says Bill, "how old is the boy?" One, two, three and so on to ten counted Ranger with his right foreleg. "How old was he five years ago?" asked Bill. Tap, tap went that foreleg five times. "Now how old will he be in five years from now?" Ranger counted fifteen.

Question after question and Ranger was never stumped. He knows how many disciples Jesus had, how many loaves and fishes it took for Jesus to feed how many people in the Bible story. And can you imagine this, he can show how the girls look in the choir when they chew gum.

STRIPES FOR FUN

Photo courtesy New York Dress Institute

JUNIOR playclothes love stripes this season, particularly in such half-and-half combinations as the beach costume pictured—pedal-pushers in lightweight multi-colored wool with a black jersey sweater blouse.

Other noteworthy trends launched in the new collections of New York's junior houses include the bloomer vogue for both sunsuits and swim suits, petticoat prettiness in young looking striped cotton dresses with hemline flounces of white eyelet, and midriff exposure in two-piece beach dresses with bra tops and dirndl skirts.

Viola soloist at symphony concert

Milton Preeves, principal of the viola section of the Chicago Symphony Orchestra, will be soloist at the Thursday evening-Friday afternoon (March 14 and 15) concerts under the baton of Desire Defauw. The work he will play is a concerto in D major by Johann Stamitz—never performed in Chicago and, it is believed, never performed in the United States.

At the Tuesday afternoon (March 12) concert, Zino Francescatti, heard by the mid-week audiences last week, will be soloist. Preeves has been a member of the orchestra since 1935 and became principal viola in 1939.

The Civic Orchestra of Chicago, one of America's most famous training schools for young symphony players, gives a single concert this year—on Sunday afternoon, March 17 at 3:30 at Orchestra Hall. Hans Lange will conduct a program which features the Beethoven Eighth Symphony, and seats are now available.

Several hundred musicians have gone from the Civic to symphony orchestras throughout America and more than half the members of the Chicago Symphony Orchestra are "graduates" of the Civic, including eight first desk men.

Germ Control

Experiments in controlling epidemics of measles, chickenpox and mumps by the installation of germ-killing ultra-violet-ray lamps in classrooms of three large rural schools are being made by the New York state department of health. The three schools selected are built on the same general plan. All have similar ventilating systems so that the amount of air circulated per pupil is the same. Lamps are made of a special kind of glass which transmits ultraviolet bactericidal light. Trough fixtures protect the children from ultraviolet "sun burn." Disinfection of air depends upon circulation in the upper irradiated section.

Cancer symptoms can be recognized in early stages

One hundred and seventy-five thousand persons—men, women and children—will die of cancer this year, reports the Illinois Division of the American Cancer Society. Yet one third to one half of those who die from this great scourge could have saved themselves by early discovery of symptoms and prompt treatment.

Here are the danger signals to watch for, as listed by the Society: any sore that does not heal—particularly about the tongue, mouth or lips; a painless lump or thickening, especially in the breast, lip or tongue; irregular bleeding or discharge from the nipple or any natural body opening; progressive change in the color or size of a wart, mole or birthmark; persistent indigestion; persistent hoarseness; unexplained cough, or difficulty in swallowing; any change in the normal bowel habits.

These symptoms may mean nothing serious, but they may mean cancer. A doctor should be consulted immediately if any of them develop.

The earlier the diagnosis, the greater the chances of cure. So far, surgery, radium and x-ray are the only methods of treating cancer approved by medical science. Thousands of cancer patients are being cured every year.

as a result of continued progress in research, and because of the intelligent cooperation of patients who visit their doctor as soon as they become aware of danger symptoms.

Facts about cancer control are available to the public, without charge, at the Cancer Information Bureau conducted by the American Cancer Society at 139 North Clark Street, Chicago.

THE MAILMAN'S CORNER

by LELAND ELLIS TRUXELL
"When she was good, she was awfully good—
But when she was bad—she was horrid!"
Mother Goose.

And if you think that little rhyme was meant for the little girl with the curl in the middle of her forehead, you are doomed to disappointment. For there are lots of little boys and girls, from birth to senility, who are just that way. They never get over it.

Being good when everything is going right is a rather simple matter. When the pay check is big and expenses little, when the children are angels, father has been lucky at golf or poker, or mother has just received a generous lift through some kind compliments about her hair, or eyes, or the way she walks or talks, it is easy to turn out smiles.

But the person who can smile through misfortune, who can be kind and thoughtful instead of bad and horrid when things go wrong, is rare indeed.

Like the tomatoes this year, they are few and far between, and when we find one, we enjoy him all the more for it. They are the folks who are like blue spots in the sky, where the sun shines through on a cloudy day. They are the folks we all want to meet and stay friends with.

There are some like that on my route. Just hearing them say "Hello!" gives one a lift, for the way they say it shows that they mean it, and appreciate what you are doing for them, and wish you well.

Too many of us carry our heartaches and disappointments like little children do—with pouting.

tantrums and self pity. This is much harder on us than if we face them with resolution, adjust them or ourselves to the best of our ability, and go on from there. It is much harder on those about us, too, and rather inconsiderate to say the least.

Mother Goose would say that people who make other folks miserable by their childishness are horrid. I am afraid that I somehow agree with her. And I might add that they are juvenile, very juvenile.

Festivities at officers' club

Two outstanding events will highlight the March schedule of activities at the Armed Forces Officers' Club, 130 N. Wells St., Chicago.

A salute to the Irish will be the second major March event with a St. Patrick's dance and party on Saturday, March 16. Other routine weekly events scheduled for the month are the Monday evening bingo parties, the Thursday card night and ladies' card party on Fridays.

The Armed Forces Officers' Club was established in the Loop by local civic leaders to carry on Chicago's famed service hospital. All commissioned officers of the army, navy, coast guard and marine corps on the active, inactive or honorably discharged rolls are eligible for membership.

Full of Protein
Soybeans are high in protein, the principal nutritional element in meat and eggs, and therefore make excellent substitutes and extenders for these foods.

DOWN TO HIS LAST SCENT—What happened to Elmer, the skunk, shouldn't happen to a polecat. He was subjected to a perfume atomizer by eight-year-old Billy Wedie, Chicago, after being the subject of a disarmament operation. (INP)

COLLEGE FROM CARROTS—Headed for college, these three won major scholarships from A & P Food Stores' \$6,000 awards in junior vegetable growers' contest. Midwesterner Birch Bayh, Jr., 17, Paris, Ill., (center), won \$200. Others in photo are: Jim Ammon, 18, Albany, Ore., \$500 national winner (left), and Joyce Seelye, 15, Wolcott, N. Y., \$200. (Meyer)

SUN-TIME GAL—This pretty miss is movie starlet Noel Neill, daughter of a Minneapo. lis publisher, whose fancy turns to swimming suits and sunshine between scenes of her most recent picture. (Acme)

Around the County

Judgment rendered against Skokie

A judgment for \$83,725.42 was rendered against the Village of Skokie last week when the circuit court ruled that officials had come along special assessment funds. The Assessment Bond service alleged the village had failed to distribute their share of monies collected on special assessment bonds and interest coupons. The village will have to issue general obligation bonds to pay the debt.

The war's over; chickens must go

"The war's over; the chickens must go" asserted the Skokie village board last week in admonishing village homeowners to get rid of the fowl. Raising chickens within the village was considered ok in war time, but in peace time they're a detriment to the welfare and health of the village.

Truck hit by train, so it's free beer

A Clipper City transit company truck was struck by a North Shore electric train in Skokie one morning last week and most of the citizenry gathered around to help themselves to Meister Brau beer. The truck and trailer unit, fully loaded, stalled on the tracks. The driver jumped clear and was unhurt.

DES PLAINES

Mrs. Doris Hay, who died intestate in Des Plaines February 3, left a \$1,000 estate. In Probate court her husband L. L. Hay, is listed as being her only heir.

Park Ridge boy state winner in oratory contest

William North, Jr., of Park Ridge has just been selected as state winner in the National American Legion oratorical contest. North, after winning 9th district competition, competed at Belleville. He will now go to the Regional meeting, and if successful to the sectional and national contests.

Even prices of ponies go up

"GI Joe", a Shetland pony which recently brought an all time high price of \$13,500 at the Chicago Coliseum horse show, has been sold at an even higher price. The pony was purchased by J. L. Younghusband of Barrington for \$20,000. The brown, 46 inch Shetland is described as the greatest of its breed. The pony was originally purchased for \$1,500, sold for \$10,000 at the horse show, resold for \$13,500, and now taken away for 20 grand.

SUES FOR DAMAGES

Donald R. Lambert, minor, by J. G. Lambert, and J. G. and Ruth Lambert have sued Donald M. Kelly in Circuit court for damages sustained in an automobile accident September 29 last on Grosse Pointe road at Kostner ave. in Skokie. Ruth was driving a car north on Grosse Pointe road. It is alleged Kelly was driving too fast, it being night, and on the wrong side of the road. A collision resulted in which Donald and Ruth were injured and the car damaged. Donald asks \$10,000 damages, Ruth \$2,000 and J. G. Lambert \$2,000 for damage to his car.

Questions on G. I. bill

This is another in a series of questions and answers regarding the rights of returning servicemen and their families, as answered by the USES office at 536 W. Lawrence Avenue. Further information may be obtained by contacting this office.

Question: Does the Veterans Administration make up the difference in wages between the starting rate and the fully-qualified journeyman rate to a veteran taking training under the G. I. Bill?

Answer: No. The Veterans Administration will pay only \$65.00 or \$90.00 a month to the veteran in addition to wages earned. However, for training under the G. I. Bill, wages and subsistence combined cannot equal more than the minimum rate for fully-qualified workers in this classification in that plant.

Question: Can an employer apply for approval as a training establishment if he has no immediate openings for trainees?

Answer: Yes. He can be approved in advance.

Question: If a veteran's place of business is approved as a training establishment by the Veterans Administration under Public Law 346, is he automatically approved to give training under Public Law 346?

Answer: No. The employer must be approved separately for Public Law 346 in order for a veteran eligible only under that law to be able to get subsistence pay.

Question: Will the government reimburse a veteran for private hospitalization?

Answer: Reimbursement may be made for medical treatment of a service-connected condition obtained without prior authorization from the Veterans Administration if (1) there was a medical emergency, (2) government facilities were not feasibly available, and (3) delay would have been hazardous.

Question: A soldier was captured by the enemy, his pay taken away and he was given a receipt for the amount taken. He escaped and is now being discharged. Can he recover his money? How?

Answer: Yes. He should address the Judge Advocate General, U. S. Army, Washington 25, D. C. The JAG handles all matters involving loss through internment, and escape.

Question: Will the government reimburse a veteran for private hospitalization?

Answer: Reimbursement may be made for medical treatment of a service-connected condition obtained without prior authorization from the Veterans Administration if (1) there was a medical emergency, (2) government facilities were not feasibly available, and (3) delay would have been hazardous.

Exclusive Design of Monthly Small House Club, Inc.

A small home with every comfort for the small family, the Lincoln is in contemporary regency design. One of the series of Post War All American Homes, its living and dining rooms merge into one with stone flagged terrace and pleasant kitchen on the first floor. Both upstairs bedrooms have corner construction with garage roof accessible from one as a sun deck. Blueprints and specifications available for \$7.50. Write Paddock Publications.

Radio programs

Just Around the Corner

Dear Mary:
Before me is my reply to a "Broadcast Measurement" questionnaire concerning our choice of radio programs. On general principles I shy away from committing myself on any kind of a poll. However, since my likes and dislikes are so pronounced about what is ladled out to the general public over the radio under the name of entertainment, that I feel duty bound to answer a few simple questions.

Radio commentators, political analysts, and organized women's groups are constantly urging women to register their opinions with the lawmakers, newspaper editors, and radio station managers. It would seem that "the hand that rocks the cradle" can also wield an influential pen. I also would be all guilty of accepting programs which we like without even offering a "thank you" for those which give us good music, or decent entertainment for the "small fry". As for those postcards to Washington — perhaps we should do a little more serious thinking and send the thoughtful results to our congressmen. The anniversary of Woman's Suffrage has just been observed. We have become complacent in our acceptance of a privilege which was obtained by good honest hard work such as is born and bred in all American bones.

And that thought leads back to the books which you mentioned in your last letter: I am glad that you included the Thoreau quotation. It will be forwarded to some young friends in my next letter to them. As I read the words I recollected the last time that I saw Walden — the early morning mists were rising from the blue than blue water, and the birches seemed to be screening it from any but reverent eyes.

As for what I've been reading: I recommend "Now That April's There" for its refreshing quality; "How to Live Beyond Your Means" has some sensible suggestions which compensate for some platitudes. (Please omit all quips about the title) and John Gould's "Farmer Takes A Wife" should appeal to you. As for what I want to read: William Allen White's Autobiography holds the list.

The days hold so much promise of spring just now that I believe I shall have to hurry with my reading. I shall be glad to start outdoors living again. Dirt digging is a tonic for the winter weary spirit. Do you remember that "There is no duty we so much underrate as the duty of being happy"? I agree with Mr. Stevenson — Don't you?

With love, Jane.

Install officers of Cook County home bureau

Three hundred and fifty enthusiastic Cook County Home Bureau members met in their Fifth Annual session, Thursday, February 28, in the Wedgewood Room of Marshall Field's. The Cook County Home Bureau is made up of 29 units, 6 more than last year, with a total membership of 741 homemakers, an increase of 161 over 1944. Cook County holds fifth place in the State for total memberships. Cook County Home Bureau units sponsor 4-H clubs with an enrollment of 500 girls.

Miss Pearl Barnes, president of the Illinois Home Bureau Federation, installed the 1946-1947 officers. These officers and their home bureau units are: President,

Mrs. C. J. Hill, Des Plaines; Vice President, Mrs. L. J. Eib, Bloom; Secretary, Mrs. F. W. Scheinman, Morgan Park; Treasurer, Mrs. George Struthers, Park Ridge; Membership Chairman, Mrs. Edward Raloff, Worth; 4-H Chairman, Mrs. Frank Hlavacek, Lyonsville; Project Chairman (south), Mrs. C. D. Northam, Morgan Park; Project Chairman (north), Mrs. W. L. Brown, Northbrook; Recreation Chairman, Mrs. Robert Suydam, East Moline; Publicity Chairman, Mrs. G. Rex Volz, Arlington Heights.

Following a delicious luncheon in the Walnut Room, and a colorful fashion show, presented especially for Home Bureau by Marshall Field & Company, the afternoon session was called to order. Mrs. H. I. Southerwick, with Mrs. Rex Hawley at the piano, sang three delightful numbers. Mrs. T. H. Ludlow, Legislative Chairman of the Illinois Congress of Parents and Teachers and the Chicago Church Federation, spoke on legislation of importance and interest to women.

The high light of the day was the demonstration of the making of hats from scraps of materials, given by Vee Powell. Miss Powell, author of a book on the subject of hat making, held the undivided interest of every woman present, and her demonstration was intensely interesting, instructive and practical. By way of contrast, Mrs. Lawrence Sebastian of the Arlington Heights Unit, modeled an amusing hat which won her a hundred dollar prize in a recent Tom Brenneman hat contest.

The display of hand craft articles made by Home Bureau members from all over the county, was at once beautiful and inspirational, and was proof that many of these 400 Home Bureau members were not only full-time homemakers, but were capable of managing their spare time profitably.

TALES of the STREET

LAMB AND LION

Well March certainly came in like a lamb and according to the old adage it should go out like a lion. But you never can tell. Last year the whole month was lamb-like and then all the rest of the summer acted like some kind of a loony wild cat with frosts every month except August and with acres of corn being frozen on July 15.

Let's hope that March's spring-like entry this year isn't the forecast for another such summer and fall as we had last year.

WARNING — MORE WINTER

And don't begin to cheer about spring too soon. We met August Hackbarth from out there in Silent Oaks the other day and he says that that infernal cactus plant of his, after losing all the blooms and looking as if it was ready to take its summer nap, has all of a sudden started up again and is in full bud and will be bursting into bloom very shortly.

Well, from long experience we know what that means. More winter coming with more blizzards and bad weather and that blizzard will come even if it doesn't get here until way late in April, as that darn cactus plant is an uncanny institution. We've tried to catch it in a lie for these many years but when that thing forecasts bad weather and blizzards that weather comes, so look out, spring isn't here yet.

FIRST ROBINS

It isn't enough for Bill Bauman out there on route 53 to have the honor of having a whole steer in his cooler, he has to come up with a report on the first robin of the spring. We saw Bill the morning of March 1st and he said the robins were hopping around his yard that morning as perky as could be.

Other folks weren't far behind Bill with the bird stories and there seems to be quite a few spring birds showing up early in March.

They may be in for a lot of suffering if they don't look out. They really ought to stop off at Silent Oaks out there in Plum Grove and take a peek at that Hackbarth cactus on their way here. Then maybe they'd hike back a few hundred miles into the "all clear" signal sounded up here saying that spring is really here.

GONE?

Has all chance of Palatine's having a new depot vanished? A commuter walked into the depot the other day and turned away in disgust.

"There goes our chance of a new depot", he remarked, pointing to a new drinking cup. "If they were going to build a new station they certainly wouldn't have gone to the expense of installing a new drinking cup."

NEW BOWLING WRITER

Bunny Rick, one of the Major league bowlers of whom we have said a word or two once in a while, wants to change places. He wants us to take his place on the alley and he'll sit in the

stands and tell the world about our bowling.

Maybe that would have been all right forty years ago but we can save Bunny all that trouble of writing a story and at the same time he can stay in there and try to grab off the pot in that 250 club which we understand has been sweetened up by some of the boys.

Here's Bunny's story of our bowling written by me:

"Ha, Ha, look at that goof bowl — can't even keep the ball on the alley, to say nothing of knocking over any pins.

"Oh my gosh, look at that. I thought I'd see everything on these alley, but there was never anything like this.

"Oh! Oh! Oh! take him out, take him out. Let me in there, this is awful." And Bunny throws his hands above his head and dashes for his atom bomb ball to rescue it before it flies out the window in trying to find the pins.

REAL JOB AHEAD

With the formation of the new Palatine consolidated school district the new board of education of that district will find themselves with a real job on their hands. With building conditions such as they are at the present time immediate action on a building program is out of the question.

The voters who approved the formation of the new district must bear with the new board in the delays and disappointments that are bound to pop up before the dreams of a new school system can all become a reality.

But one thing the public can be sure of and that is that the board will be doing their best and that they will go into their new job fully aware of the problems which they face. The first hurdle is passed and eventually the kind of school system that those united school boards have discussed and planned for will really become an accomplished fact. Meanwhile be patient and give the boys a chance.

It Happened Here

"God Give Us Men"
Men of a fine, old fashioned breed
Who tower in strength at their country's need;
Men who cannot be bought nor sold,
Whose honor is priceless, above all gold.
Give us leaders of men who first
Can rule themselves, and durst
Stand for the right the standing alone,
Able to call their souls their own.
Lincoln said: "Let all men decide me
So I please just one, the one inside me."

READING & WRITING

BY Edwin Seaver and Robin McKown

Every American knows we celebrate Thanksgiving in honor of the landing of our Pilgrim Fathers. But it will come as a surprise to many that Thanksgiving didn't become a national holiday until the time of the Civil War. Forefather's Day in Plymouth began to be celebrated near the time of the Revolution, but for years it was only a local festivity.

George Willison's "Saints and Strangers" takes the Pilgrim Fathers out of the past-board dummy class and makes them into flesh-and-blood people, with human aspirations and weaknesses. He adds a lot to common schoolbook knowledge, and he explodes a host of myths. The book has been on best-seller lists for some months; now it's a Book-of-the-Month Club dividend.

Contrary to popular belief, says Mr. Willison, not all of those who landed on the Mayflower came to find freedom for their religious beliefs. It is a pleasing fancy, but the Pilgrims would have been the first to deny it in the name of truth. Actually, only 41 of the 102 passengers were concerned with separate religious beliefs; the great majority were good members of the Church of England. The "Saints" of Mr. Willison's title refer to the first group; the "Strangers" to the remaining men and women who joined the voyage. Curiously enough, it is among the "strangers" one finds the three Pilgrims who, thanks to Longfellow, have enjoyed the greatest fame—Myles Standish, John Alden and Priscilla Mullins.

Don't confuse the Pilgrims with their Puritan neighbors of Boston and their laws against "gay apparel," says Mr. Willison. The Pilgrims liked color, and it was only on the Sabbath that they dressed in blacks and grays. Many of them had large and varied wardrobes. That of Ruling Elder William Brewster, one of the most exemplary of the "saints," for example, included "a red cap, a white cap, a quilted cap, a lace cap, a violet coat and one pair of green trousers."

The Mayflower passengers had one bond in common, however. All were lower-class, "from the cottages and not the castles of England." They were of the common people and in conscious revolt against the so-called aristocratic principles—a fact which seems to have escaped some of their descendants with their claims of "blue blood."

Ides of March

Many deductions for income tax

Q. How much exemption can my family and I get on our 1945 income tax? A. For surtax (rates ranging from 20 to 91%), the exemption is \$500 for you, \$500 for your wife, and \$500 for each dependent. For normal tax (rate 3 per cent), a flat \$500 exemption is allowed regardless of size of family, unless the return includes income of more than one person. If husband and wife file a joint return and each had income of \$500 or more, they get a joint normal tax exemption of \$1,000; if one has less than \$500 income, the joint exemption is \$500 plus the actual amount of the smaller income.

Q. Can a husband claim an exemption for his wife? A. Yes, if they make a joint return, or if she had no income and was not the dependent of another taxpayer (her father, for example). If husband and wife file separate returns, each must claim his own exemptions on his own return, and must not duplicate any exemptions.

Q. A husband and wife together are entitled to \$1,000 surtax exemption. In filing separate returns, can they split their exemption in unequal amounts, say \$800 to one and \$200 to the other? A. No. Each is entitled to his own \$500 exemption and cannot transfer any part of it.

Q. Who can I claim as a "dependent" on my income tax return? A. Anyone who meets all four of these conditions: 1. He received over half of his support from you; 2. He did not have \$500 income of his own; 3. He was a citizen of the United States or a resident of the United States, Canada, or Mexico; 4. He was closely related to you.

Q. Suppose my son had a job last year and earned over \$500, but I still furnished over half of his support. What happens to his exemption? A. He must take his own exemption on his own return. The law does not permit you to take it.

Q. My son entered the army in the middle of last year. Can I claim his exemption? A. Only if you provided more than half of his whole year's support. Usually you can claim his exemption if he entered the army after July 1; not if he entered before then.

Q. What kind of exemption is allowed for a dependent who was born or died during the year? A. If you supported him for the portion of the year in which he lived, you get a full exemption for him.

Q. What kinds of income are exempt? A. The most common are (1) all active service pay of an enlisted man or woman in the U. S. armed forces, (2) the first \$1,500 active service pay of an officer in the armed forces, (3) disability pension to war veterans, (4) allotments received by dependents of members of the armed forces, (5) gifts and inheritances, (6) social security benefits, (7) damages or compensation for bodily injury or sickness, (8) interest on state and local government bonds.

Q. Where on the tax form do I deduct exempt income? A. You leave the exempt income out altogether. For instance, a discharged army private making a tax return would list only his civilian income, and disregard his army pay altogether.

Q. Is tax withheld from all wages? A. Withholding applies to the vast bulk of wages. There are a few exceptions, such as pay of domestic servants and farmworkers, but tax nevertheless must be paid on such wages.

Q. Deduct the expenses of my job? A. It depends on the nature of the expenses. In the first class are reimbursed expenses (not in excess of reimbursement added to wages in your return) and travel expenses. In the second class, are all other ordinary and necessary expenses allowed by law, such as union dues, tools, and safety equipment. The first class of expenses can be deducted in Item 2, Page 1, of Form 1040, whether filed as a short form or long form, but not on a Withholding Receipt. The second class of expenses can be deducted only as "miscellaneous deductions" on Page 3 of a long form return on Form 1040.

Q. What kinds of charitable contributions are deductible? A. Only those given to incorporated public organizations such as churches, community chests, veterans organizations, relief societies, and many libraries, schools and hospitals. You cannot deduct gifts to relatives or other individuals.

Q. What are some examples of deductible interest payments? A. Interest on a home mortgage, interest on a bank loan, etc.

Q. What kinds of taxes are deductible? A. State income taxes, most state gasoline and sales taxes (if tax is shown separately on the price tag), state and local property taxes (but not paving or other improvement assessments). You cannot deduct any federal taxes of any kind on Page 3 of Form 1040 (although some federal taxes can be deducted as business expenses on Page 2).

Q. What kinds of medical expenses can be deducted? A. The most common are: doctor, dentist, hospital bills; medicines, eye glasses, braces, x-rays, artificial limbs, hearing aids, nurse wages,

School elections

Almost every school district in the county is now holding elections for the purpose of continuing the high grade of education furnished local students in the past. School boards are to be commended on their work. Many districts are planning new and large quarters. Population changes will necessitate many more changes.

I think Palatine has the right idea — a consolidated grade school, as well as a township high school. Such an institution gives everyone a better education and opportunity to become a better citizen in the future.

The world will depend on the youngsters of today. Let's give them the best.

Gems of thought

MEDITATION
Meditation is the nurse of thought, and thought the food for meditation.

—C. Simmons.
Meditation is that exercise of the mind by which it recalls a known truth, as some kind of creatures do their food, to be re-ministered upon till all the valuable parts be extracted.

—Bp. George Horne.
It is easier to go six miles to hear a sermon, than to spend one quarter of an hour in meditating upon it when I come home.

—Philip Henry.
It is not he that reads most, but he that meditates most on divine truth, that will prove the choicest, wisest, strongest Christian.

—Bp. Joseph Hall.
Thought must be made better, and human life more fruitful, for the divine energy to move it onward and upward.

—Mary Baker Eddy.
Happy the heart that keeps it twilight hour,
And, in the depths of heavenly peace reclined,
Loves to commune with thoughts of tender power,
Thoughts that ascend, like angels beautiful,
A shining Jacob's ladder of the mind.
—Paul Hamilton Hayne.

Lenten supply prospect good

Good supplies of fresh fruits and vegetables, plenty of eggs, fair stocks of macaroni and spaghetti and abundant poultry supplies are in prospect for Lent, according to reports from 140 field-buying offices of the nation's leading food distributor. Fresh fish is reported as the major casualty of the season.

"There will be enough eggs available during the next weeks to satisfy the dietary needs of the nation with sufficient stocks to take care of the traditional Easter morning egg hunt," a report released today by A. & P. Food Stores said. "The fresh fruit and vegetable situation for the next two months is more promising than a year ago although apples and onions will continue to be scarce items."

Potatoes, cabbage and spinach will be in good supply throughout the early spring season, says Harvey A. Baum, head of the food chain's produce-buying affiliate. There is also a good quantity of cauliflower, tomatoes and beets in prospect. The citrus crop is reported adequate with a large supply of oranges coming to market from California and Florida. A large strawberry crop is also expected from Louisiana, North Carolina and Tennessee anticipating good yields from their increased plantings.

With the Boston fishing fleet strikebound, meager fish catches are being reported from an area which usually supplies approximately 50 per cent of the nation's fish needs, except for salmon and halibut, according to Joseph C. O'Brien, head of the food chain's national fish department.

With the advent of favorable weather in the Chesapeake area and the opening of the fishing season in the Great Lakes on March 15, increased supplies are in prospect, but they will not be sufficient to compensate for the scanty quantities received in Boston during the tie-up, he added.

Butter, cheese and other dairy products will continue to be scarce but there will be the usual supply of "hot cross buns," traditional Lenten season delicacy.

ambulance service, premiums for health and accident insurance. A portion of your medical expenses, equal to 5 per cent of your income, is not deductible. The remainder is deductible up to \$1,250 if you claim only one exemption on your return; up to \$2,500 if you claim more than one exemption.

Postwar paper

Congratulations to Paddock Publications for their effort in the Postwar Pool. Results show you are putting out the best weekly paper in the country. Out here in California I have a lot of fun showing off the home town paper to the natives. That Postwar Pool was a swell idea. A lot of us, including me, didn't answer but you know we're well satisfied.

9th district auxiliary to meet March 20

Delegates from the Ninth District of the American Legion Auxiliary will meet at 7:45 p. m. on Wednesday, March 20, in the Wilson Park Field House, 4630 Milwaukee Avenue, Chicago. Mrs. Ernest Wiehrdt, who serves this district as publicity chairman, urges all units to pay particular attention to the change in dates.

Dr. L. A. Platts, Commander of the Ninth District American Legion and his corps of officers, will attend, this meeting which will be addressed by Florence Hoffman, Pan-American Chairman.

Plans are being completed for the annual poppy poster contest in which all school children of this district participate. Other projects which are being stressed, according to Mrs. Wiehrdt, are clothing, tooth brushes, and shaving cream for the men at Hines hospital. Some units have made cash donations for rehabilitation work, including Palatine. This unit also sent \$15 to the Service Men's Center in February.

Presidents and National Defense chairmen of all Auxiliary units are expected to attend the Patriotic Conference which will be conducted at the Hotel Sherman, Thursday, March 21, at 10 a. m. Reservations for the luncheon should be sent to the "Department Treasurer", 35 E. Wacker Drive, Chicago.

Chicken Louse
The common chicken louse is a biting or chewing louse insect and sheds its complete life cycle on the body of the hen. In other words, the eggs are laid on the chicken's body, usually being attached to the base of a feather under the wings or on a fluff of feathers below the vent. The eggs hatch and the young grow and develop without leaving the body of the host.

Dog poisoning draws ire of veterinarians

When stray dogs become a nuisance, seek police cooperation, don't take the law into your own hands.

This appeal is made by University of Illinois veterinarians as a result of recent tests conducted by the College of Veterinary Medicine proving that a local McLean county veterinarian was probably right when he attributed the sudden death of 26 dogs in a community in his county to fatal strychnine poisoning.

These 26 dogs died within the relatively short time of approximately 24 hours, and two were brought to the Veterinary Pathology Laboratory at the University for examination. Veterinarians at the college call attention to the inhumanity involved when this method is used in killing dogs. The dog is extremely susceptible to this poison and dies in severe convulsions. Some believe that intense pain is suffered by the animals during these seizures.

There are other well-known ways of destroying dogs which are just as effective and yet more humane than poisoning with strychnine. All lovers of dogs have a right to protest and vent their wrath when an indiscriminate campaign is started to rid a neighborhood of its pets, the University veterinarians added.

By the Arlington Heights Health Center, affiliated with The Tuberculosis Institute of Chicago and Cook County.

"Beware The Ides of March!" So Shakespeare wrote in his play, "Julius Caesar." With apologies to the immortal bard, we borrow the sentiment he expressed and apply it to situations not so dramatic as the death of Caesar but more universal in its importance.

Early Spring is hazardous to health. The reasons for this are legion, but among the most important are: 1. People are run down after long winter months and their resistance is low. 2. In their impatience for Spring and warm weather, many persons throw caution to the winds and begin wearing light weight clothing despite low temperatures and blustery winds.

Thus it happens that a high percentage of the population is wont to say "Spring has cub" during March. But in addition to being a likely time for the occurrence of colds and influenza, conditions are also right for the rise of practically every other disease. Tuberculosis, diseases of childhood such as measles, whooping cough and mumps, in fact just about any ailment known to medical science seems especially successful in attacks during early Spring.

It behooves us, therefore, to exert every possible precaution to prevent illness at this time as well as any other—by taking positive precautions. A few simple ones which have the approval of medical experts are:

1. A physical examination including a chest x-ray.
2. Regularity of habits, especially sleep at this time.
3. Avoidance of excesses.
4. Care in selection of diet, with emphasis on fruits and vegetables and avoidance of fats and starches.
5. Moderate exercise, outdoors.

Eastern Black Ducks Scarce
Several important factors limiting black duck abundance have been announced by Ducks Unlimited, following a survey conducted by that organization, assisted by Canadian and U. S. government agencies in New Brunswick and Nova Scotia. These are given as destruction of nests by spring floods, egg eating by predatory crows and scarcity of aquatic insect foods considered essential for young ducklings. A surprising discovery was the large numbers of breeding ring-necked ducks, heretofore considered a western species. Almost as many ring-necks as black ducks were found in the survey.

Farms consider co-op livestock market program

Farm Bureau people were asked by the Illinois Agricultural Association today to give careful consideration to the proposals for a long-range livestock cooperative marketing program which are now under the scrutiny of a state-wide committee of livestock farmers.

The proposal of the state-wide committee, the suggestions of the IAA livestock marketing committee and the counter-proposal offered by the committee for the livestock producer agencies are explained in detail in the February issue of the IAA Record.

Livestock farmers are advised to read this "Progress Report on Livestock Marketing" carefully and are invited to submit suggestions if they wish.

The "Progress Report" has already been submitted to county Farm Bureaus and a series of five district livestock marketing conferences throughout the state have just been completed during which livestock men were invited to air their views of the "Progress Report".

The purpose of the study and report on livestock marketing is to set up a livestock marketing cooperative program which will best serve the interests of Illinois livestock producers.

After due study of all proposals and suggestions, the Illinois Agricultural Association will adopt a final report and set up a livestock marketing program.

Oats should be ground

Grinding oats pay considerably greater dividends than grinding corn does. Pigs eat ground oats more readily and in larger amounts than they will eat unground oats. In trials at the University of Illinois in which whole oats, coarsely ground oats, and finely ground oats were fed free-choice with corn to fattening pigs, the pigs ate only 10 per cent as much whole oats as corn, whereas they ate 35 per cent as much coarsely ground oats and 90 per cent as much finely ground oats as corn.

Grinding oats also saves feed. In the Illinois tests this saving amounted to 27 pounds of feed for each 100 pounds of oats ground. In these experiments the oats (unground in one case and ground in the other) were mixed with cracked corn in the ratio of about one part of oats to two parts of corn, and the mixture was then self-fed free-choice with a good protein supplement.

Soaking oats is not a good substitute for grinding, according to work done at the Iowa Experiment Station: neither is there anything to be gained by soaking ground oats instead of self-feeding them dry.

Savings as high as 20 per cent have been shown with fattening pigs from grinding other small grains compared with feeding them whole, when hand-feeding was practiced. When self-fed, however, ground wheat, barley, rye, and kaffir have sometimes been no better than the same grain unground. The saving to be expected for grinding these grains when they are self-fed is likely to be from 5 to 10 per cent in the majority of cases.

Self-fed pigs feed more leisurely than hand-fed pigs do and appear to chew their feed more completely.

Cleaner Eggs
Less work will be required in cleaning eggs if the laying house has a nest for each five hens and if the nests are deep enough to contain 4 inches of nesting material.

Farm supply hopes to maintain feed deliveries in '46

Illinois Farm Supply Company deliveries of high protein feeds for livestock in 1946 are expected to almost equal 1945 deliveries, according to J. J. Lanter, feed division director.

Lanter pointed out, however, that the feed supplies for 1946 depend upon the amount of protein meal made available by processing plants.

"By forcing the return of scarce protein meal into normal retail channels," he said, "the new regulations issued by the U. S. Department of Agriculture on the sale of protein supplements should help Illinois Farm Supply Company obtain larger supplies for its patrons."

Restrictions on the use of protein meal in the manufacture of mixed feeds for livestock and poultry went into effect Jan. 16.

The government order provides that no manufacturer may use more high protein meal in making mixed feeds for livestock than the quantity so used during the corresponding calendar quarter of 1945.

It also provides that no person may use in the manufacture of poultry feed a larger quantity of protein meal than the following percentages of the quantity so used in the corresponding month of 1945: January and February—100; March—95; April—90, and all other months of 1946—85 per cent.

The dealer is also restricted in the amount of protein he may sell to a patron. The order provides that no feeder may receive more than one ton at a time and that no feeder may receive more frequent deliveries of protein meal in 1946 than he received in 1945.

It was pointed out by Lanter that by following the 1946 farm production goals set by the U. S. Department of Agriculture and by using the available supply of supplement where it will do the most good, livestock feeders will be able to accomplish as much as they did during the war years.

Increased sales foreseen in milk industry

The 3.7-billion-dollar milk industry can play an important part in expanding markets and in effecting full employment during the next decade, according to a nation-wide study made of this industry during the past two years.

This study was conducted by Dr. R. W. Bartlett, professor of agricultural economics, University of Illinois College of Agriculture, and his conclusions and recommendations are included in a 300-page report on "The Milk Industry" just issued.

Sales of market milk and cream alone can be expanded as much as 40 per cent above the prewar level, while the per capita sales of cheese, ice cream, evaporated milk and other milk products are likely to increase greatly with improved quality, better packaging and introduction of low-cost methods and lower prices to consumers.

Sales of milk in the U. S. in 1940 averaged 58 pint daily per person, or about half the 1 1/3 pints recommended by nutritionists as necessary in a balanced diet.

Studies of the dairy industry show that per capita sales of milk varied from a high of .75 pint daily in New York City to a low of .29 pint daily in New Orleans. Ten markets out of the 41 studied, including Chicago, Portland, Oregon, Los Angeles, San Francisco, New Jersey, Rochester, Connecticut, Philadelphia, Boston and New York, in 1940 had per capita sales of .60 pint daily or higher.

Increased milk sales can be obtained, according to Dr. Bartlett's report, by improved quality, homogenization, streamlining plant and delivery operations, use of more convenient packaging, including the paper container, and lower price to consumers.

Ill. Bell announces

New charge schedule for rural pole construction

The Illinois Bell Telephone Company has had approval by the Illinois Commerce Commission of its plan for the liberalization of telephone pole line construction charges in rural areas. This improvement went into effect March 1, 1946.

Under the new plan, where no pole line is at present available along public highways, the telephone company will construct a pole line for 3/4 of a mile without charge in order to provide service to a new subscriber. It will continue to extend the line free of charge whenever such extension results in an average of one customer for each 3/4 of a mile of pole line. This change will go far toward enabling rural telephone applicants to obtain service for little or no cost for pole line construction. In the past, 1/2 mile of such construction was furnished without charge.

For the relatively few customers in thinly populated areas who may still need to pay some charge for highway construction, the plan provides for billing the amount in small monthly installments for a stated period. Whenever additional customers are connected in an area where construction charges are being applied, the project will be refigured, resulting, in many instances, in reductions of the monthly charges for the customers involved.

Poles on private property to carry service from the highway to the rural customers' premises have in the past been set and maintained at the customers' expense. Under the new proposal, the telephone company will share with customers the installation expense and assume all maintenance costs. It will provide, without charge, two poles or the number necessary to furnish 500 feet of entrance wire. In areas where underground type of high-

way construction is normally used, 500 feet of buried wire, including excavation and fill in, will be furnished.

Weight of pigs will determine corn grinding

Some of the earliest experiments in swine feeding were carried out to determine whether it paid to grind corn for hogs. In more recent years many feeding trials have been conducted to determine what is the most economical method of feeding corn to pigs of various ages.

The feeding trials have shown that pigs up to about 150 pounds in weight chew corn thoroughly and that there is generally not enough saving in grinding to warrant the expense. Ear corn usually produces results equal to those obtained from shelled or ground corn. Pigs above 150 pounds in weight usually chew corn less thoroughly, and at these weights grinding to medium fineness may result in a saving of 5 to 7 per cent. This saving may or may not cover the cost of grinding.

Pigs fed shelled corn in a self-feeder probably will chew corn more thoroughly than hand-fed hogs under drylot conditions. Some tests have indicated that under pasture conditions grinding corn for self-feeding on pasture may save as much as 5 per cent of the grain. For feeding heavy hogs, somewhat larger savings are indicated for grinding where corn is fed as only part of the grain ration along with ground wheat.

Five schools place men on N. W. Conference All-Star Team

PADDOCK PUBLICATIONS SPORTS

PAGE TWELVE FRIDAY, MARCH 8, 1946

As expected Dundee wins regional in three easy games

McHenry, Cards before favorite and Elgin fall

First round
Elgin 42, Palatine 28.
Crystal Lake — Woodstock —
Dundee 72, McHenry 19.
Arlington Hts. 68, St. Edwards
38.

Dundee won the Elgin Regional
last week by defeating the
host school, 45-30 in the final.
Dundee outscored Elgin 14-2
in the second quarter for nearly all
their winning margin. Dundee
plays Sycamore in the opening
of the four team Proviso Sectional
Thursday night. Dundee has
easily whipped Sycamore twice
in the Little Seven conference
this season. In the other sectional
game Waukegan meets
Oak Park.

One of the most exciting
games of the Elgin Regional was
Elgin's 32-31 semi-final victory
over Crystal Lake. Elgin led 18-
17 at the half but pulled away
23-18 in the second period as the
Lakers failed to score a point.
Crystal Lake rallied late in the
game to tie the score but Elgin
eked out a one point lead. Green
and Legal got 10 and 11 points
for Coach Brady's Crystal Lake
Tigers.

Led by Bill Wille's 20 points,

Arlington badly defeated St. Ed-
ward of Elgin, the Hebron dis-
trict winner, 68-38. Arlington's
ranga team outclassed St. Ed-
wards on rebounds at both ends
of the court and led 30-19 at the
half.

Arlington fell before the great
Dundee Cardinals in the semi-
finals 51-32, trailing all the way.
Led by Lefty Dooler, who scored
19 points, Dundee ran up a 19-
12 first half lead. Only once
again did Arlington threaten.

That was when a rally in the
third quarter carried the score to
35-29. Dundee immediately pulled
away, however. George Busse's
11 points were high for Ar-
lington.

An encouraging note may be

found in the fact that 13 of the

Arlington points were scored by

boys who will be returning next

season. Stroker, Kleiner, Dah-

lstrom and Heimsoth will form

the nucleus for another cham-

ion Arlington team is the hope of

Arlington fans.

Clubs Seek \$15,000 Sum

The Illinois State Federation of Women's Clubs is uniting all its members in a drive to raise a sum of \$15,000 this year which will be devoted to the construction and maintenance of a cottage at "Trail Rangers" in Michael, Ill.

Last year the members of this influential woman's organization worked on a rehabilitation program and were able to present a greenhouse to Vaughan Hospital, which therapists wholeheartedly recommend for its many benefits, both mental and physical, to the veteran.

Youth Conservation is being stressed in all clubs which are members of the Federation; and in addition to supporting all community projects which are engaged in this work, members are being asked to contribute the sum of 25 cents apiece to "Trail

Rangers". It has been estimated that this amount, if each club woman does her part, will make the projected cottage a reality. However, many clubs with large memberships have been conducting benefits and it is believed that the goal will be over-subscribed in a most gratifying way.

"Trail Rangers" started as an individual project under the direction of the Rev. George Link, and because of the noteworthy results which he accomplished, judges and child welfare superintendents and workers sent him so many boys who had need of help that he is now receiving help from outside sources. The boys come into contact with all that is good and wholesome. Father Link, who formerly served the State of Illinois as state naturalist, has a sincere and earnest attitude toward the youths who need help. His greatest concern is with the boy who has not yet done anything, but because of poor environmental or family history, is in danger of getting into trouble.

Wherever it is possible, and there is evidence of a religion in the background of the boy, he receives religious instruction in his own faith from his own pastor. Father Link has ministers from several denominations, as well as a rabbi, who work with him at the "Trail Rangers", but to quote Father Link, "We do

Child health

March 11, Wheeling Public school, Wheeling—1 to 3 p. m.
March 14, Palatine, village hall—1 to 3 p. m.

March 21, Glenview Village Hall, Glenview—1 to 3 p. m.
March 27, Northbrook, Village Hall—1 to 3 p. m.

not limit religion to one day a week. Every one at "Trail Rangers" lives the teachings of Christ every hour of every day of every week."

Case histories include many boys who have served in the last war, all of whom distinguished themselves. Others have gone out into the business world, established themselves, and are now married with children of their own.

One anecdote which the naturalist is fond of relating describes what might have been. It seems that at the time he was in Springfield in his official capacity there was a small boy who delighted in wandering into the building and setting fires in the wastebaskets. Father Link, who had not yet established his "Rangers" asked if he might have the boy for a while so that he could lead him along a more useful path. His request was denied on the grounds that the boy had not yet done anything. But a few years later he did do something so big that the people of Illinois had to pay a pretty penny to replace the Armory to which he had set fire.

Way back when

30 YEARS AGO—MAR. 3, 1916

Arlington Heights
A Chicago client wants a 7-rm. house, with city water if possible, and ground enough for garden and chickens, rent not to exceed \$20 a month.

Arlington Heights Woman's Club has for many years been famous for furnishing the most elite social events in this vicinity. Formerly they gave grand annual banquets but of late years they have decided that more frequent general gatherings were desirable so they have changed their programs to four or more social evenings during the year to which their husbands are invited.

Attend the Great Market Day Thursday, March 9, and bring whatever you have to sell.

Bensenville
Thirteen girls surprised Dorothy Honeman on her birthday anniversary Monday evening.

Miss Margaret Raack invited her friends and playmates to help celebrate her birthday Sunday.

Fred Ahlborn has moved into his new home.

Palatine
Mrs. Grose was surprised by a company of lady friends Tuesday evening in honor of her birthday. She was presented with a box of chocolates and on biting into one discovered a gold piece.

J. A. Burlingame recently caught a six foot shark in Florida whose weight was over 73 pounds.

Grover Pace is a small pox victim. The great majority of children and their elders are receiving vaccinations so there will be a course of sore arms.

10 YEARS AGO—MAR. 6, 1936

Mount Prospect

Miss Barbara Dresser, one of our leap year babies who celebrated her fifth birthday Feb. 28, was pleasantly surprised when the "23" club of which she is a member, gave a surprise party in her honor at the home of Miss Edith Parke in Barrington.

Mrs. Wm. Kruse and her son, Henry, were born on the same day of the year and jointly celebrated their birthday Friday, Feb. 28.

Bensenville

Fourteen ladies of the O.E.S., Bensenville chapter, toured the Richter Sausage Co. Monday and a good time was reported.

Mr. and Mrs. D. Rand's little daughter Jacquelin enjoyed her fourth birthday Wednesday by having several of her little friends to her party.

Arlington Heights

Ray Hotopp, the popular Fessler Dairy milkman, is a married man. A week ago Sunday Mr. Hotopp and Miss Bernice Barnett quietly entered the St. James church parsonage where Rev. Stier performed the ceremony with only the immediate families present.

The French class will meet from now on with Mrs. Jarvis in her home.

Mr. and Mrs. Jacob Bauer were surprised on their 25th wedding anniversary when 84 fellow employees held a party for them at Meyers hall.

Robert, son of Mr. and Mrs. George Schneberger is quarantined with a case of scarlet fever.

Wheeling

The remaining members of the Fire Department and Chamber of Commerce enjoyed a treat Sunday evening beginning with a dinner at the Idle Hour tavern after which they motored to Chicago to see the Blackhawk vs. Ranger hockey game.

Palatine

Birdie and Red are having a birthday Saturday. It is one year since they started in business and they have a special for their customers upon that day. A coconut cream pie and filled coffee cake for 39c.

C. Uhrhammer, local health officer reports Palatine the healthiest town in Cook county. No contagious diseases.

The two young sons of Joe Brzostowski had a narrow escape from losing their eye sight by the explosion of a closed can of water on the stove.

Relatives and friends surprised Mrs. Wm. Shelling Monday evening in honor of her birthday.

Lee Blankenship, former Palatine basketball star, has made the regular team at Galesburg.

Your teeth

Enamel

(Contributed by the Committee on Dental Health Education of the Chicago Dental Society)

"Serving primarily for protective and utilitarian purposes, and secondarily for purposes of ornamentation, dental enamel is essential to the life of the teeth and to our well being.

Enamel is the hardest substance in the body. Nature purposely made it exceptionally hard so that it could withstand the stress and wear of mastication. Furthermore, enamel, unlike other tissues, cannot repair or rebuild itself; hence, it needs to be hard in order to withstand injury and disease.

The enamel covering of the teeth is formed before the teeth erupt. Enamel is built of calcium and phosphorus salts, which are carried to it by the blood. The enamel-building cells, called ameloblasts, transform the calcium and phosphorus into thousands of narrow-sided, wavy rods of enamel. These rods are cemented together and cover the crown of the tooth like a hard shell.

Sometimes these enamel rods are imperfectly formed, and sometimes they are imperfectly cemented together, a weak spot or flaw in the enamel covering resulting. It is thought that these flaws are caused by the fact that the child did not receive enough of the foods containing calcium, phosphorus and vitamin D while the enamel was being formed.

Even the smallest of enamel flaws catch and hold particles of food. If not removed, these food particles will decay and, in turn, the tooth will decay. Sometimes, the flaws are so small that they cannot be kept clean by the most careful brushing.

Therefore, in order to prevent serious decay, the wise parent will (1) feed the child properly, and (2) take him to the dentist just as soon as each new tooth arrives. If any enamel flaws are present, the dentist can correct them before serious decay occurs. Protect the enamel and you protect the tooth.

Your weekly treat recipe

Eggs are high in vitamin, mineral and protein content. A well planned menu includes at least one egg per person each day. Eggs should be kept at a constant temperature of about 47° F. to insure best keeping qualities. Eggs are becoming more plentiful now, so let's try Egg Cutlets this week.

EGG CUTLETS
6 hard boiled eggs, chopped
1/2 cup cooked celery, diced
1 teaspoon chopped parsley
1/2 teaspoon salt
1 cup dry bread cubes
1 cup thick white sauce

Method: Mix ingredients all together and shape to look like chops. Dip the chops into a mixture made of 1 egg, 1 tablespoon milk — then roll in cracker crumbs. Fry a golden brown and serve with creamed peas, or celery, or both.

Northbrook, will hold an auction Saturday, March 30.

March 18

Good Breakfast Dish

A hearty cereal mush or porridge, which is usually served with milk, is a good main dish for breakfast. But everybody needs eggs, and if eggs are not included in other meals, have them as the main dish for breakfast several times a week. You might also serve fish once in a while. For example, creamed white fish flakes on toast, or codfish balls, or a smoked fish. The variety meats make good breakfast dishes, too—kidneys, liver or brains.

ELK GROVE

Mail in your consignments before March 18 to Gus Hoeseke, rte. 1, Arlington Heights; Henry L. Moehling, rte. 1, Palatine, Auctioneers; or Joe Steeley, (2-281)

H. C. PADDOCK SONS, Arlington Heights, Ill. Phone 1528

No Safe Bull There is no such animal as a "safe" bull. Well-constructed pens and fences are essential for bulls. It's a good idea to have pens and gates controlled from the outside, making it unnecessary to handle the bull. Of course when the bull is led out of a pen, a stout staff fastened to a nose ring should be used.

Farm Machinery

FOR SALE — NEW BOLENS Garden tractors now available with all attachments. Lawn and Garden Equipment Co., rte. 21, Graylake, Ill. Phone G. L. 6681. (3-11)

FRIDAY, MARCH 8, 1946

With Uncle Sam's Record

Drafted - Letters - Discharged

2,814 10,519 1,115

Discharged

Sgt. Richard Guetschow of Arlington Heights arrived home from serving 3 years and 10 months overseas and is now visiting the M. L. Reis home where he will await the arrival of his English bride who is expected to arrive next month.

Joe and Bruno Orlandi of Northbrook have both been discharged from the armed forces. Joe is now employed in the Northbrook post office while Bruno is working at the Plastic company in Northbrook.

Discharged from the navy at Great Lakes Thursday was Fred Brautigan of Palatine. He entered service November 15, 1943, and was overseas 15 months in the Philippines.

T-4 Charles Beinlich of Northbrook is back home after seeing service in the army. He was discharged last week, Tuesday, at Camp Grant.

Sgt. Edwin Kurth of Northbrook was discharged from the army February 15 at San Pedro, California, where he was last stationed.

T-4 Ralph Watermann of Bartlett is now home enjoying the life of a civilian, after being discharged from the army at Camp Grant Feb. 21.

T-4 Richard Marquies of Arlington Heights is another "poor frightened civilian" after gaining his discharge from the army February 25 at Camp Grant.

Sgt. Lawrence Kissner of Palatine is another man now wearing the ruptured duck. He was discharged from the army February 23 at Camp Grant.

Pfc. Richard Busse of Mt. Prospect has been released from the army, as of February 27 at Camp Grant.

T-Sgt. John Kilcrease of Mt. Prospect is no longer in the army. He was released February 23 at Camp Grant.

S. Sgt. Robert Schaefer of Roselle is no longer in service, gaining his discharge from the army February 26 at Fort Sheridan.

Staff Sergeant Earl Sobinsky of Bensenville has dropped the SS for Mr. He was discharged February 24 at Camp Grant.

Pfc. Edward Grandt of Wheeling is now back home with his discharge. It was granted last week at Fort Sheridan.

Cpl. Robert Bittner of Arlington Heights is now back home after winning his discharge at Fort Sheridan last week end.

Pfc. Leonard Kancer of Bensenville has been granted his freedom from the army at Camp Grant, as of February 25.

Richard Busse of Mt. Prospect was discharged from the armed forces February 27.

Now home with his discharge from the armed forces is Orville Bolte of Arlington Heights.

Sgt. Donald Mercer of Prairie View was released from the army February 27 at Camp Grant.

Missouri

Changing his address in Missouri is Marvin Wessel of Palatine. His address is Pfc. Marvin J. Wessel, 46018024, Co B 95 Bn Hq Gp., Camp Crowder, Mo.

Louisiana

Changing his address in Louisiana is Donald Kastning of Palatine. His address is Pvt. Donald Kastning, 46020523, APO 214 77, % PM, New Orleans, La.

Discharged

Now home with his discharge from the army is Sergeant Ollie Fisher of Palatine. He saw 2 1/2 years service in the European theatre. "I always looked forward to receiving the Enterprise

and With Uncle Sam. You folks did a great service for the men in service, especially those over in service. My thanks also to the Legion Auxiliary for their part in sending the paper."

Discharged some time ago, though WUS hasn't officially recognized it until now are three men: Wesley Feldten of Palatine, Herbert Gershefske of Roselle, and Raymond Groat of Arlington Heights.

Fred F. Grooms, radioman, third class, of 12 South State rd., Arlington Heights, has been discharged, after honorable service in the Navy at the personnel separation center in Jacksonville, Florida.

Cpl. Edward Bach of Northbrook is back in civilian clothes after getting his discharge from the army February 26 at Camp Grant.

Staff Sergeant Harold Rittmueller of Itasca is now back home with his discharge, getting his final papers at Fort Sheridan last week, Monday.

S. Sgt. Alfred Stier of Mt. Prospect is now wearing the ruptured duck after getting his discharge from the army February 21 at Camp Grant.

T-5 Warren Gundlach of Bensenville is another man now out of the army. He was granted his release February 21 at Camp Grant.

T-4 Howard Beckler of Bensenville is another DuPage county man now home with his discharge. He was released from the army February 23 at Camp Grant.

Pfc. Norman Weseman of Palatine is another man now back home with his discharge. He was released from the army February 26 at Camp Grant.

Cpl. Donald Piegorsch of Palatine was given his final furlough from the army February 19 at Camp Grant.

T-4 Glenn Mack of Bensenville is now out of service, gaining his release from the army February 26 at Camp Grant.

California

Changing his address from Great Lakes is Clay Gallimore of Palatine. His new address is Claus C. Gallimore S2c 301-55-99, 1st Batt, USN Receiving Station, Shoemaker, Calif.

Clay likes California very much and enjoyed his trip to the coast. But he misses Palatine and the news.

The Gallimore's other son, Ralph, is Chief Master of Arms stationed with the 31st NCB in Sasebo, Japan.

Virginia

Changing his address in Virginia is Herbert Hapke of Palatine. His address is Pfc. Herbert Hapke, 16175428, School for Pers. Serv., Lexington, Virginia.

Philippines

Changing his address in the Philippines is Paul Krefl of Palatine. His address is T-5 Paul J. Krefl, 36782323, 748 Engr Base Equip Co., APO 75, % PM, San Francisco, Calif.

Austria

Writing from Vienna is John Rahn of Arlington Heights. He went into service August, 1945, and has been stationed in Vienna, Austria, since the middle of February. His address is Pvt. John H. Rahn, 46035098, Hq US SA, Ord Sect., APO 777, % PM, New York, N. Y.

Fort Sheridan

Changing his address in Fort Sheridan is Alfred Kehe of Palatine. His address is Pvt. Alfred Kehe, Hq & Hq Co R. C. 1612 SCU, Bag No 8, Fort Sheridan, Ill.

Civil service jobs open to veterans

Joseph A. Connor, Regional Director of the U. S. Civil Service Commission in Chicago, announced today that lists of government agencies with jobs for veterans have been distributed to USES Offices and first and second class post offices throughout Illinois, Wisconsin and Michigan.

These agencies have been authorized to employ veterans as they apply and qualify for the job. First consideration will be given to disabled veterans and second choice will be five-point veterans.

The jobs are described as temporary but, according to Connor, some of them may last as long as two years during which time the Commission will proceed with examinations for permanent appointments. As these examinations are announced, competition will be open to all to qualify for life-time jobs.

Alabama

Changing his address in Alabama is Charles Smith of Palatine. His address is Pvt. Charles Smith, Co C 20 Bn 3rd Regt., Ft. McClellan, Ala.

Florida

Now home on leave is Charles Folz, formerly of Palatine and now living in Arlington Heights. He reports next week to Florida, where he will get a little sunshine at Miami for a while.

Enrich Surface Soil

Deep rooted plants are important in enriching surface soil. Their roots draw from the deeper layers of the soil various plant nutrients, particularly minerals.

Great Lakes

Changing his address at Great Lakes is Stanley Hapke of Palatine. His address is AS Stanley Hapke, Co 30 23 Regt 38 Bn, US NTC, Great Lakes, Ill.

Now at Great Lakes is RT1c David Heller of Arlington Hgts. He was recently stationed in California and has just moved to the Lakes awaiting discharge.

So. Carolina

Newest servicemen now on the DuPage Register list is Donald Hutten. His address is HA2c Donald E. Hutten, Navy Yard, Charleston, South Carolina.

Texas

Changing his address in Texas is Walter Gieseke of Palatine. His address is Pvt. Walter Gieseke, Sq O Plt 09 Bks 587, 3706 AAF Bn, Sheppard Field, Texas.

Massachusetts

Pvt. Charles Scherf of Arlington Heights left Tuesday for Springfield, Mass., after a 10 day furlough at home.

For fluffy suds, sparkling dishes and silky shampoos...
CULLIGAN
SOFT WATER
SERVICE

So thorough with washables...
The creamy, rich, soft water suds, wash all clothes and linens so clean and soft. None of the disagreeable "soapy curds" formed by hard water that just won't rinse out, leaving washables gray and dingy-looking. You'll always be proud of your soft water washing.

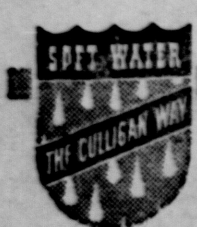

So quick with dishes...
Suds of foamy suds whisk grease away like magic. Dishes, silver and glassware gleam and sparkle like new. You need not towel them, either... soft water leaves no soap scum to smear and spot.

So flattering to your hair...
A soft water shampoo with its heaps of silky, lasting suds, will bring thrilling new beauty to your hair. Soap rinses out completely... no dull film left. Hair washed the soft water way feels soft and silky... with a delightful natural gleam.

So kind to your pocketbook
Soft Water Service saves more than it costs. You'll use less than half the soap you use with hard water. Clothes and linens last longer. Plumbing and water heating bills are cut when hard water scale in the pipes is eliminated. You pay for soft water when you wash and cook with hard water.

HERE'S HOW IT WORKS. We install our sealed, sanitary unit in your basement or other convenient place. We own it and service it. It provides sparkling 100% soft water as a turn of the faucet with no attention from anyone in the household. Phone us today for further information.
